

WEATHER FORECAST

For 24 hours ending 5 p.m. Friday.
Victoria and vicinity—Moderate to fresh northerly winds, partly cloudy with frost at night.

VOL. 69 NO. 99

FAMOUS PLAYERS ENTER B.C. TO MAKE FILMS

\$15,000,000 Moving Picture Corporation Granted Provincial Incorporation To-day

\$450,000 Plant and Studios Rumored, But Lasky Offices Deny Authority

Famous Players-Lasky Corporation are to enter British Columbia and will undertake film production. This was announced to-day in connection with the incorporation, which officials of the company put through at the Parliament Buildings this morning of the \$15,000,000 Famous Players Canadian Corporation Limited of Toronto and Vancouver as an extra-provincial organization entitled to undertake business here.

Production of Famous Players pictures will be undertaken here and a studio built, L. Hughes, who said he was connected with the Famous Players, told The Times yesterday. Norma Shearer and Reginald Denny will be the first stars to come from California for film work. The four Paramount pictures will be produced in Canada during the coming season.

Famous Players-Lasky Corporation is now branching out into an international organization and besides producing in Canada will extend its production in England, it was explained.

It had been rumored here that a motion picture studio was to be established in the vicinity of Victoria at a cost of \$450,000 and employ four hundred persons, but it is impossible to get confirmation of this. A telegram to The Times this morning from the Famous Players-Lasky offices stated that a party speaking for the corporation had any connection with it at all.

COURT DISMISSES L. J. LEVY'S APPEAL

One-year Sentence on Conviction of Having Smuggled Firearms is Upheld

Vancouver, Oct. 28.—The appeal of Louis Joseph Levy from a conviction and sentence of one year's imprisonment imposed by Mr. Justice Morrison at the Victoria Assizes last Spring has been unanimously dismissed by five Court of Appeal judges here.

Levy had been found guilty of smuggling five machine guns, a revolver and ammunition into Canada. Customs officers suspected Levy and accompanied him on the steamer Princess Alice from Vancouver, where she had arrived from Seattle to Victoria. There Levy's baggage was searched and the firearms discovered.

EMPIRE DELEGATES DEBATE AIR DEFENCE

Premiers King, Bruce and Coates Share in Discussion at London Conference

London, Oct. 28 (By Cable From George Hamilton, Staff Correspondent of the Canadian Press).—The Imperial Conference has entered the second day of its deliberations on Empire air defence. Sir Samuel Hoare, British Secretary for Air, opened the discussion. He was followed by Mr. C. Amery, Secretary for Dominion Affairs; Premier King, Premier S. M. Bruce of Australia and Premier J. G. Coates of New Zealand.

Lieut.-Colonel Amery brought up the question of air developments in the crown colonies and protectorates. RUMORS ARISE

London, Oct. 28 (By Cable From George Hamilton, Staff Correspondent of the Canadian Press).—The Imperial Conference has entered the second day of its deliberations on Empire air defence. The strict silence which is drawn over all the conference proceedings is giving rise to all kinds of conjectures.

The London Daily News to-day featured a story which stated that after Sir Austen Chamberlain, Foreign Minister, had made his statement to the conference with regard to the Locarno pact all the Dominions were in favor of it.

Premier Bruce is quoted as saying: "I am convinced it does not really matter whether Australia signs the pact or not. If Great Britain should be forced into war because she is a signatory of the Locarno pact, we would be at war too."

As far as The News story professes to reflect the Canadian attitude on the Locarno pact, it is denied in toto. The Canadian delegates to the conference, it is stated, have not signed any acceptance.

New Submarine Returns to Port

New London, Conn., Oct. 28.—A radio message relayed by telegraph to the Electric Boat Company at Groton this afternoon stated the new Peruvian submarine H-2, disabled yesterday off Cape May, was proceeding to New London under her own power and that all of her officers and crew were safe.

LIQUOR TRIAL

San Francisco, Oct. 28.—The case against a group of defendants charged with conspiracy to smuggle large quantities of liquor into the country at Moss Landing, Monterey County, California, went to the jury in the United States district court here to-day.

TOLMIE OUT OF RACE, LADNER WILL OPPOSE BOWSER; ISLAND RALLIES TO AID OLD LEADER

Hon. S. F. Tolmie will not contest the Provincial Conservative leadership at the Conservative convention in Kamloops next month, according to word received in the city from sources close to the Victoria Federal member. These advices were accepted as Dr. Tolmie's final retirement from the contest.

Receipt of this news ended the Tolmie boom and left the way open for the return of W. J. Bowser, K.C., former Party leader, to his old position. So far as leading Conservatives could see to-day after Dr. Tolmie had retired from the picture, Mr. Bowser's only opponent will be Leon J. Ladner, Federal Member of Parliament for Vancouver South, behind whom anti-Bowser forces are rallying.

But Mr. Ladner, it is admitted, will be a weak candidate compared with Dr. Tolmie.

Among the group which is opposed to Mr. Bowser Dr. Tolmie's withdrawal from the fight caused the deepest gloom. They thought the doctor would have a good chance to halt Mr. Bowser's return, but Mr. Ladner is regarded more as a forlorn hope than as a successful candidate.

BOWSER FORCES TRIUMPH
Dr. Tolmie's announcement followed a crushing reverse for the anti-Bowser forces in Victoria at the annual meeting of the Conservative association. Friends of Mr. Bowser were elected to every office in the association by sweeping majorities over those who are opposed to the return of the old chieftain. In most cases the Bowser supporters were elected by four-to-one margins over their opponents.

This was followed last night by the significant action of the Women's Progressive Conservative Club in passing a unanimous resolution endorsing Mr. Bowser's candidature at Kamloops. The women represented in this large and influential organization are solidly behind Mr. Bowser and will throw their weight in his favor when delegates to the Kamloops convention are elected here shortly.

TO GET CITY SUPPORT

Friends of Mr. Bowser expect, in fact, to have the support of every Victoria delegate. Altogether this city will send forty delegates to the Provincial Conservative Convention in Kamloops, and the city will be represented by a large number of delegates to the Provincial Conservative Convention in Kamloops, and the city will be represented by a large number of delegates to the Provincial Conservative Convention in Kamloops.

Mr. Ladner's candidature has been definitely announced to the Conservative Party in Vancouver. The South Vancouver member has been quietly working for the leadership since the election of Mr. Bowser to the Legislature. This will give Mr. Bowser a big lead in the race before it starts. He is expected to have behind him a big majority of the delegates from all of Vancouver Island, which will control 100 votes in the convention.

Mr. Ladner's candidature has been definitely announced to the Conservative Party in Vancouver. The South Vancouver member has been quietly working for the leadership since the election of Mr. Bowser to the Legislature. This will give Mr. Bowser a big lead in the race before it starts. He is expected to have behind him a big majority of the delegates from all of Vancouver Island, which will control 100 votes in the convention.

Major J. A. Rodd of Ottawa, Federal superintendent of fish culture, Major J. A. Motherwell of Vancouver, chief of the Department of Fisheries in British Columbia, J. P. Babcock of Victoria, assistant commissioner of fisheries for the province, and Dr. W. A. Clement of the Dominion Biological Station near Nanaimo.

"We followed a report that the salmon had gone to Adams River, in the Shuswap area," Major Motherwell said this morning. "And we found them there and in Little River, which connects the two Shuswap lakes. The water was shallow enough to let us see the river bottoms were covered with salmon from the ocean. The usual number there is estimated at 25,000. This week there were half a million."

Major Motherwell said it had not been determined whether the run of sockeye was the result of the Fisheries Department's deposit of salmon eggs in Eagle River, also in the Shuswap area, in 1921 and 1922 or the natural increase from the sockeye hatched in the rivers mentioned.

This year's late run of sockeye up the Fraser is greater than that of any year since 1913.

SCHOOL POSITION SUBJECT OF INQUIRY

Ratepayers Ask Trustees Why Japanese Named For School at Steveston

Brighouse, B.C., Oct. 28.—The appointment of a Japanese teacher at Steveston by the school trustees will be investigated by the newly-elected officers of the Brighouse and Garden City Ratepayers' Association. This was decided when a resolution was passed asking the trustees to wait for the action of the ratepayers before naming a Japanese teacher.

Brighouse, B.C., Oct. 28.—The appointment of a Japanese teacher at Steveston by the school trustees will be investigated by the newly-elected officers of the Brighouse and Garden City Ratepayers' Association. This was decided when a resolution was passed asking the trustees to wait for the action of the ratepayers before naming a Japanese teacher.

BRITISH BISHOP IS CAPTURED BY SHANTUNG BANDITS

Shanghai, Oct. 28.—Bishop T. A. Scott of the Church of England mission was captured by bandits to-day near Wulashien, Shantung Province. The bishop was proceeding from his headquarters at Tainanfu for a survey of his Shantung diocese when he was set upon by the outlaws and carried off.

Bishop Scott had been a missionary in China since 1903. The British legation at Peking has been informed of the kidnapping of Bishop Scott, and is expected to make vigorous representations to the Chinese Government for his rescue without the payment of ransom.

FORMAL ACTION IN COURT PLANNED AS MOVE AGAINST WAGE

Lumbermen's Fight to Take Form of Formal Application to Halt New Scale

Will Ask Courts to Rule Board Has no Right to Single Out One Industry

That British Columbia lumbermen are planning definite court action to avoid the payment of forty-cent-an-hour minimum wages in their industry was the effect of advices received here from the mainland to-day.

Following yesterday's intimation that the B.C. Lumbermen's Association had retained counsel to advise on the question of taking legal action, it is understood that an application will be made in court to prevent the board in charge of the minimum wage law from enforcing that measure in the lumber industry without applying it to other lines of business.

EARLY ACTION AWAITED
Formal steps to get this application before the courts are expected almost immediately. It is anticipated the lumbermen's move will be for an order to forbid the administrative board enforcing its forty-cent order on November 1.

By the time this argument is filed it is expected the whole question of minimum wages will be reviewed by the Legislature at its coming session, in which opponents of the measure will attempt to have it rescinded or drastically altered.

ALEX ROSS OF VANCOUVER DIED

Vancouver, Oct. 28.—Found lying unconscious in his room this morning, Alex Ross, eighty-one, a pioneer merchant of the city, died in St. Paul's Hospital shortly before noon.

Physicians and police are investigating to learn the cause of the death. When found, Ross was seated on a chair with his head resting on the back of the chair. He was wearing a dark suit and a white shirt. There was a slight odor of gas, but there was no burner turned on with the exception of the lighted one.

PROSECUTION IN FRUIT CASE ENDS
Stay of Proceedings in Nash Hearing Ordered by Judge in Vancouver

Vancouver, Oct. 28.—"Fruit" has been written to the Nash fruit and vegetable conspiracy prosecution. On the application of Prosecutor C. L. McAlpine in the assizes court here to-day Mr. Justice Gregory entered a stay of proceedings in charges pending against J. A. Symington, of Minneapolis, and thirty other defendants, being individuals and companies, who the Federal Government charged belonged to the Nash organization.

Four officials, including Symington, and four brokerage houses were convicted last March and fined \$25,000 each. The total of \$200,000 being promptly paid. When the defendants talked of an appeal, the government had traveled to the United States to have the indictment which had not been tried. The appeal was eventually dropped and the government, satisfied with the convictions, therefore to-day entered a stay of these remaining charges.

QUEEN NOW AWAITS FORMAL INVITATION
Province or City Must Move to Assure Visit to Victoria

Although the published itinerary of Queen Marie of Rumania originally called for a visit to Victoria November 5, information received from those in charge of her tour indicates that a formal invitation from the city or the Province will be necessary to definitely assure that Her Majesty will call at the capital of British Columbia.

Whether the city will act has not yet been decided but it is confidently anticipated that Mayor J. C. Penney, always keen to sustain the reputation of the city, will favor sending the invitation that will cause Victoria to be named in virtually every newspaper in the world.

ANTICIPATE REPLY
Another wise move was forwarded by the Victoria Press Club which is visiting Queen Marie of the Press Club ball to be held at the Empress Hotel November 5 in aid of the Solarium Christmas fund and telling her of the sunlight home to restore health to tiny crippled sufferers on Vancouver Island, and it is confidently anticipated that in view of this worthy objective a favorable reply will be received.

WITHOUT CEREMONY
Queen Marie's patronage to the ball, if she comes to Victoria as anticipated, is considered certain. In any event the orchestra organized for the occasion has included the Rumanian national anthem in the pieces they will be prepared to play during the evening should the visit to the ball be formal.

The prospective visit of the Queen has created a flutter of excitement throughout the city. The matter will be discussed by various organizations in the city this week who will join in the welcome to Her Majesty should she come to Victoria.

Bongrace and Moneymaker Win At Newmarket
Newmarket, Oct. 28 (Canadian Press Cable).—Bongrace, a three-year-old filly owned by Lord Rosebery, won the Jockey Club Cup this afternoon. Sol Joel's four-year-old Glommen was second, a neck behind, and A. K. Macomber's four-year-old colt, The Wolf, was third, two lengths back.

Only five started. Bongrace started at 7 to 1 against Glommen at 13 to 8 and The Wolf at 7 to 1. The race, over the two-and-one-quarter-mile course, was one of the season's most important long distance events. The value, besides the cup, was about \$2,000. The race is fifty-three years old.

There was a stirring finish in the Dewhurst Stakes this afternoon when Moneymaker, Knight of the Grail and Mario finished in that order, necks apart. Moneymaker is owned by Mrs. Chester Beatty, Knight of the Grail is owned by Sir D. Broughton and Mario is a two-year-old owned by Aga Khan. Moneymaker started at 8 to 1 against Knight of the Grail, a heavy favorite, at 8 to 11 on, and Mario at 100 to 14 against. Six ran.

The Dewhurst Stakes is one of the turf's greatest two-year-old races, is seven furlongs and was established fifty years ago. The value is about \$4,000.

IS TO BE GIVEN ACCLAMATION IN WEST EDMONTON

Former Member of Parliament for Terminal City, Succumbed To-day

Well-known Figure on Coast For Many Years; of Late in Business

HON. CHARLES STEWART

Edmonton, Oct. 28.—Hon. Charles Stewart, Minister of the Interior, whose nomination papers for the Federal by-election in West Edmonton were filed yesterday, is expected to be given an acclamation. It is regarded as improbable any other candidate will be named November 2, official nomination day.

TWO LIVES LOST WITH ST. LAWRENCE SHIPS
Schooners Saguenay and Garner Wrecked on Island of Bic During Storm

Four Men From Saguenay Saved by Steam Barge Poplar Bay

Quebec, Oct. 28.—The schooner Saguenay and Garner were lost in the St. Lawrence River in the vicinity of the island of Bic, about 200 miles from here, in storms of this week and two men were drowned, according to information received here to-day with the establishment of communications which had been cut off by the tempests.

On one instance the captain Turbis of the Garner and Lawrence Jomphe, a passenger on the same vessel. Both craft were off the island when the storm broke and it is believed they were swept on the island and dashed to pieces.

Captain Bolvin and three men of the Saguenay were saved by the steam barge Poplar Bay, but Captain Turbis and M. Jomphe of the Garner perished before aid could reach them.

The island of Bic is west-south-west of Father Point.

QUEEN NOW AWAITS FORMAL INVITATION

Province or City Must Move to Assure Visit to Victoria

Although the published itinerary of Queen Marie of Rumania originally called for a visit to Victoria November 5, information received from those in charge of her tour indicates that a formal invitation from the city or the Province will be necessary to definitely assure that Her Majesty will call at the capital of British Columbia.

Whether the city will act has not yet been decided but it is confidently anticipated that Mayor J. C. Penney, always keen to sustain the reputation of the city, will favor sending the invitation that will cause Victoria to be named in virtually every newspaper in the world.

ANTICIPATE REPLY

The prospective visit of the Queen has created a flutter of excitement throughout the city. The matter will be discussed by various organizations in the city this week who will join in the welcome to Her Majesty should she come to Victoria.

SCHOONER IS TOWED
Rockland, Maine, Oct. 28.—The five-masted schooner Gardner G. Deering of Bath, Maine, was dashed and in distress today about five miles off the Matinicus Light, another victim of the recent southerly gale. She was leaking badly.

The lightsome tender Hex, which arrived on the scene before noon, sent a radiogram later to headquarters that she had succeeded in getting a tow line aboard the disabled craft and they were starting for the nearest port.

CANADIAN DUTY ON MAGAZINES URGED
Tariff Board Hears Request For Protection For National Publications

Ottawa, Oct. 28 (Canadian Press).—Canadian authors, labor men, printing-makers and book paper manufacturers and advertising agencies supported before the Tariff Advisory Board here this morning the application of the Magazine Publishers' Association of Canada for the imposition of a tariff on United States magazines entering Canada. The application strongly protested against the influx of United States magazines, free of duty, and the unfair competition to which Canadian magazine publishers are subjected.

Hearing of the appeal is being continued this afternoon.

R. G. MACPHERSON, EX-POSTMASTER OF VANCOUVER DIED

Former Member of Parliament for Terminal City, Succumbed To-day

Well-known Figure on Coast For Many Years; of Late in Business

HON. CHARLES STEWART

Vancouver, Oct. 28.—R. G. Macpherson, former postmaster of Vancouver and Liberal representative of this city in the Federal Parliament 1902-1908, died suddenly at his residence here this morning.

He was born in Wellington County, Ontario, sixty years ago. A staunch Liberal, he early identified himself with the activities of that party in Vancouver and acted as agent for R. George R. Maxwell, who was elected in 1896 and again in 1900 as Vancouver's first member of Parliament. It was only natural that a man of such outstanding prominence in the Liberal ranks should be chosen to fill the vacancy caused by the death of Mr. Maxwell in 1902.

In the general election of the following year Mr. Macpherson was again elected and continued to represent the city and district in the House until he retired in 1908 to accept the position of postmaster of Vancouver. Under his administration the postal service of the city developed and expanded.

IN BUSINESS FIELD
He retired from the office in 1920 to re-enter business life, becoming associated with a life insurance company.

In the passing of Mr. Macpherson the St. Andrew's and Caledonian Society loses a valued friend and enthusiastic member. For years he has been a member of the society, which was complete until "Bob" Macpherson had arrived in his life. He took an active interest in every movement for the public good, and could always be relied upon to help in any way.

FORGER CONFESSES IN POLICE COURT
Vancouver Man Remanded For Sentence Until Tomorrow

Charged with forgery on two separate counts, the first for a sum of \$32 and the second \$25, Peter Stewart, who says he comes from Vancouver, pleaded guilty in the City Police Court to-day and selected summary trial before Magistrate Jay.

Two cheques were produced by Chief of Detectives Harry O'Leary, both with forged signatures and bearing the stamp of a local business house which Stewart claims he secured before he wrote the cheques.

On one instance the cheque was signed A. R. Lipsey. The other carried the name of R. Lipsey. Mr. Lipsey is an employee of A. F. Hamer, a wholesale house. They were made out in favor of Grant Johnson, who is employed by the same firm.

Stewart cashed the larger cheque at Lancaster's, a clothing store, where he purchased a suit and immediately sold it at another place of business. At the clothing store he purchased a suit worth of clothing.

Stewart had \$70 on his person when arrested and he was willing to make restitution. Magistrate Jay reserved sentence until tomorrow morning and meanwhile the restitution will be made.

CALLS SENT OUT
San Francisco, Oct. 28.—The steam schooner Everett of the Charles Miles line, on fire north of Point Gorda, 150 miles north of San Francisco, and is sending out repeated distress calls, according to the Federal Telegraph Company.

AT TOP SPEED
The Everett was proceeding from San Francisco to Portland with a general cargo. At 12:30 p.m. she sent out an SOS and the steamship Californian, steaming southward about sixty knots distant, responded. The Californian informed the Everett she was going to her assistance at top speed. The Californian makes twelve knots an hour. The fire is in the forehold of the Everett and from information received was threatening to sweep the ship. It is of wooden construction.

The Everett left here Tuesday. The fact that she was but 130 miles north of here at noon to-day indicated the fire must have broken out early in the voyage.

The company headquarters here were advised the fire had started from an accumulation of gas in the hold.

ENGLISH FOOTBALL
London, Oct. 28 (Canadian Press Cable).—Brighton and Hove defeated Norwich City two to nothing in a scheduled Third Division South Section English League soccer game to-day.

Too Many Divorces Judge Intimates About Ten a Week Before British Columbia Courts

Not Going to Open Gate Wider Says Mr. Justice McDonald

Increasing numbers of petitioners for divorce before British Columbia courts drew comment from Mr. Justice D. A. McDonald, who after two all-day sittings in the Divorce Court in the last few days had two more petitioners before him this morning.

When H. A. Maclean, K.C., submitted that a confession from the husband was sufficient grounds for a divorce without corroborative evidence the judge agreed that it might be.

"I have never granted a divorce without corroboration of such an admission," said the judge. "We do not do it in British Columbia. We are getting enough cases as it is. About ten a week. I am not saying we cannot. I am saying we do not. We do not want to open the gate wider. It is wide enough now."

In the case before the court counsel pointed out that the wife was not in a position to employ a special agent to secure the corroborative evidence.

"Could you not get the Provincial police to help you in a case like that?" asked the judge. "I will discuss it with some of the other judges," he remarked later when Mr. Maclean pressed the point of a divorce being granted on the admission of misconduct by the husband. The petition before the court was lodged, Agnes Lucy Bolden seeking a divorce from her husband Ernest Arthur Bolden, of Vancouver. The couple, who came from England, were married in Seattle in 1915 and came to Victoria in 1921, the husband leaving for Vancouver later. The case was adjourned for further evidence.

An absolute decree was granted to Jennie C. Lawrence, who petitioned for divorce from her husband, Arthur B. Lawrence, railway laborer of Courtenay, formerly a taxi driver in Victoria. She was granted the custody of two daughters, one of eighteen and one of thirteen.

SHIP OFF CALIFORNIA SENDS CALL FOR AID
Steam Schooner Everett on Fire; Crew Takes to Boats While Assistance Asked

Portland, Oct. 28.—The steamer Everett, Los Angeles for Portland, is on fire north of Point Gorda, 150 miles north of San Francisco, and is sending out repeated distress calls, according to the Federal Telegraph Company.

The Everett was proceeding from San Francisco to Portland with a general cargo. At 12:30 p.m. she sent out an SOS and the steamship Californian, steaming southward about sixty knots distant, responded. The Californian informed the Everett she was going to her assistance at top speed. The Californian makes twelve knots an hour. The fire is in the forehold of the Everett and from information received was threatening to sweep the ship. It is of wooden construction.

The Everett left here Tuesday. The fact that she was but 130 miles north of here at noon to-day indicated the fire must have broken out early in the voyage.

The company headquarters here were advised the fire had started from an accumulation of gas in the hold.

MCMPHERSON TRIAL IS NEARING ITS END
Last of Defence Witnesses Being Heard by Judge in Los Angeles Court

Los Angeles, Oct. 28.—The preliminary trial of Almie Semple McPherson, accused of criminal conspiracy, neared its close here to-day as the defence prepared to call the last of its witnesses.

Defence Counsel W. I. Gilbert indicated neither Mrs. McPherson nor her husband, Mrs. Minnie Kennedy, a co-defendant, would be placed on the stand.

The preliminary hearing of Mrs. McPherson, her mother and Mrs. Lorraine Wiseman Sleaf, a co-defendant and the evangelist's accuser, began in municipal court thirty days ago, and has set a record for length.

With the completion of the defence testimony Municipal Judge Samuel R. Blake must decide whether or not to hold the wealthy evangelist and her co-defendants to answer to the superior court.

ORMISTON'S TRUNK SEARCHED
Los Angeles, Oct. 28.—District Attorney Asa Keyes announced to-day that the trunk of Kenneth G. Ormiston, missing radio man of the Almie Semple McPherson case, lived at a New York hotel for almost a month until September 17, when he disappeared, leaving a trunk behind him, the district attorney's office here announced to-day.

It was said at Attorney Banton's office that investigators had trailed Ormiston from Pasadena to Jacksonville and then to New York, where they found he had registered at the Cumberland Hotel on Broadway under the name of Ralph Stringer. Ormiston checked out of the Cumberland Hotel just before the investigators went there for him, but his trunk was seized and is now back in Los Angeles.

Cabinet Changes In Saskatchewan

Regina, Oct. 23.—The portfolios of the Saskatchewan Government have been rearranged following the resignation of Hon. A. P. McNab as Minister of Public Works, who has been appointed a member of the Local Government Board.

Mr. McNab's place has not been filled, but the portfolios have been shifted. No new ministers have been appointed.

The Cabinet is now as follows: Premier, Minister of Railways and Provincial Treasurer, Hon. James G. Gardiner.

Attorney-General, Hon. J. A. Cross (unchanged).

Minister of Municipal Affairs, Provincial Secretary and Minister of Labor and Industries, Hon. Thomas C. Davis.

Minister of Agriculture, Hon. C. M. Hamilton (unchanged).

Minister of Education, Hon. S. J. Latta (unchanged).

Minister of Highways and Telephones, Hon. J. W. Patterson.

Minister of Public Works and Public Health, Hon. J. M. Ulrich.

Woman Loves Housework, Has Good Time

"I had stomach gas so bad that work was a burden and I was always drowsy. Adierka is the best medicine I ever took. Since taking it, I feel like doing my work and enjoy life again."—Mrs. W. H. Clintman.

Adierka gives the system a REAL cleaning and brings out old poisons which may have caused trouble for a long time. Unlike most medicines, it acts upon BOTH upper and lower bowels. Just one spoonful relieves GAS and takes away that full, bloated feeling so that you can eat better and sleep better. Even if bowels move daily, Adierka brings out much additional poison which you never thought was in your system and which caused sour, gassy stomach, nervousness, sleeplessness, headache. No matter what you have tried for your stomach and bowels, Adierka will surprise you. At drug stores, in Victoria at David Spencer's and other druggists. (Adv.)

PRAIRIE POET MARKS COAST IMPRESSIONS IN STIRRING VERSE

Premier Receives Tribute to B.C. in Poem Inspired by Authors' Visit

George A. Palmer, prairie poet, recorded his recent impressions of British Columbia in verse which he sent to Premier Oliver to-day. Acknowledging the Premier's hospitable reception of members of the Canadian Authors' Association here a short time ago Mr. Palmer enclosed a poem inspired by his visit to Victoria with that body. The poem, entitled "Reverie," is as follows:

Westward Ho!
Vancouver!
Victoria! and
You pearls islets set in a pale green sea—I greet you.

My mirthful fancy mounting,
Vaulting o'er the blue majestic distance,
Scenting the salt source of this western wind,
Sees old ocean laving rock-ribbed ramparts—

Ramparts of this loved Canada-land:
You zephyrs kissing the faces of ocean,
Discovers the promise of a future,
Perceiving the destiny of a people,
Softly chant your sibilant song prophetic:

What meeting for a navy?
What a choice retreat of Nature!

What a setting for a history?
What a cradle for a nation!

NEW CATHEDRAL BUILDING FUND PASSES \$200,000

The building fund for the new Christ Church Cathedral has passed the sum of \$200,000. It was reported this morning. The objective of the present effort is \$300,000. The personal appeal for gifts for the building of the cathedral is being made in many parts of the city and island. The canvass is arranged progressively throughout the diocese, and a number of parishes are scheduled to join the movement in November.

RETAILER'S BRANCH FOR DUNCAN BOARD

Committee Organized to Form Branch Following Victorians' Addresses

Duncan will soon have a retailers branch working in co-operation with the Board of Trade. Plans were discussed at a meeting held at the "Touhalem Hotel" last night when the retailers branch of the Board of Trade was organized and a committee of men of business and commerce men of Victoria.

A committee was formed consisting of Dr. D. E. Kerr and M. K. MacMillan to organize such a branch and prospects for its formation are considered exceedingly good. After a lengthy discussion a resolution was finally passed to form a branch.

George I. Warren, executive secretary of the Victoria Chamber of Commerce; H. N. Fynn, secretary of the Victoria Retail Branch, and J. Maynard, chairman of the branch, gave addresses explaining the working of the proposed branch. They also described the working of the retail branch of the Victoria Chamber of Commerce.

Organization of retailers in Victoria has brought about great benefit to both the trade and the consumer. Mr. Warren pointed out. Conflicts among retailers which were formerly apparent had now subsided, he said, and the retail men were working in wholehearted co-operation.

Mr. Maynard stated that the retailer came in contact with a greater number of people in the community than probably any other person and was held in high esteem. He noted, however, that they were often those who made the lowest profit, since they paid the highest proportional rentals and had to pay taxes for their landladies.

The retail organization had resulted in better legislation for the trade, he declared. Lower trade licenses had been obtained. Better regulations for car parking had been secured and several other practical benefits.

BAPTIST MISSIONARY TELLS OF EXPERIENCES IN CENTRAL AFRICA

Last evening in the lecture room of St. Andrew's Presbyterian Church, an appreciative audience listened to an inspiring and interesting address by the Rev. George R. R. Cameron of the British Baptist Missionary Society. The subject was missionary advance in Central Africa during the last half century.

Mr. Cameron was on the active staff of the Congo Mission for over thirty years, and was engaged ten years afterwards in the translation of the Scriptures into one of the Congo languages.

His recollection of Africa dates from the time of Stanley the Explorer whom he met in that country.

Another interesting item on the programme was a solo by James Petrie, "Jesus, Lover of My Soul." The chairman, E. T. McPherson, proposed a vote of thanks to Mr. Cameron for his address, which was carried heartily.

SAGE TEA KEEPS YOUR HAIR DARK

Gray hair, however, handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It is the face when it fades, turns gray and looks decrepit. It is just a few applications of Sage Tea and Sulphur enhance its appearance a hundred-fold. "Don't stay gray! Look young!"

Either prepare the recipe at home or get from any drug store a bottle of "Wych's Sage and Sulphur Compound," for only 75 cents. This merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. (Adv.)

WOMEN!
If you have tried everything else and they have failed to give you relief, ask your druggist for Dr. MARY'S PINK PILLS. In sealed tin box, or mailed on receipt of \$2.00 (or "Special" Price for serious cases \$3.50). Not something new, but an old reliable remedy on the market for years. If you are nervous and run down, have backache, or any of the symptoms peculiar to your sex, do not delay.

PREBYTERIAN SYNOD MEETS IN MINNAPOLIS

Encouraging Reports Given of Growth of Sunday Schools; Churches Being Built

New Westminster, Oct. 23.—The Synod of the Presbyterian Church of British Columbia under the chairmanship of Dr. R. G. Macleth, listened to reports of several committees at its session in St. Andrew's Church yesterday, also to some of the church leaders from Eastern Canada.

The report of the Sabbath Schools and Young People's work came in for a great deal of discussion. The report stated that there are now fifty Sabbath schools within the bounds of the synod and an enrollment of over five thousand. By resolution the synod urged the assembly's committee to prepare a course of study in which would be embodied the great doctrinal standards of the Presbyterian Church.

Dr. W. M. Kaunawin of Toronto gave a most inspiring address in regard to the progress that had been made in young people's work during the past year. Fifty thousand copies of the shorter catechism had been distributed throughout the Presbyterian Sunday schools of the Dominion, said the speaker.

Dr. A. S. Grant gave an interesting report on the progress of the various mission fields, stating that the Presbyterian Church had been given all the work it was in a position to handle at present in the field in included North Formosa, Gwalior and other districts in India, Manchuria, British Guiana, and the Chinese work in Canada as carried on formerly by the Presbyterian Church.

The budget for 1927 had been placed at \$650,000. It was also the intention, said Dr. Grant, to assist construction in erecting churches, estimating that at the present time some seventy-five churches were now in process of construction.

Plans were also considered for an evangelistic campaign. Rev. Thomas Rogers having been set apart as the General Assembly special evangelist.

V.O.N. MEMBERSHIP DRIVE STARTS SOON

Annual Campaign to Open Saturday at David Spencer's Limited

Commencing Saturday, October 30, the V.O.N. branch of the Victorian Order of Nurses will hold its annual drive for new members and for the renewal of old ones. As in previous years, the drive will be held in order to be stationed each day, except on Poppy Day, November 11, in David Spencer's Limited, to receive dues.

The V.O.N. has for many years been carrying on a wonderful social service and public health work, in addition to nursing the sick. One of the most important functions of the order is its educational and material care of mothers and babies, many valuable lives being saved through the expert care and advice of these competent women in their blue uniforms. There are also several other branches of the order, thereby prolonging their lives.

While a large percentage of the cases treated by the V.O.N. receive free service, owing to lack of means, others pay a small fee, the receipts from the cases are insufficient to meet the heavy expenses entailed in keeping the order up to the standard of efficiency. It is always maintained, hence its dependence for a large measure of support upon membership fees and voluntary contributions.

VETERANS CONSIDER WEEK FOR CHARITY

Recommendation Will be Considered by Organizations

An ex-servicemen week of charitable endeavor will be an annual event in Victoria if the recommendation of a joint meeting of delegates of ex-servicemen organizations held in the clubroom of the Victoria Legion, R.E.S.L., is approved by the general membership of the various bodies.

The desire to co-operate in an effort to help some deserving local charity was very strong, and it was thought that by concentrating upon helping the misfortunes of others, the citizens of Victoria might be influenced to join in the movement with desirable results to the financial condition of the charity selected.

It was also decided to recommend to the organizations that permanent delegates be appointed to a committee to give effect to the suggestions emanating from last night's meeting, or such amendments as the general membership of participating bodies may desire.

Recommendations to go forward from the meeting include, combined monthly general meetings to include unattached men, monthly smoking concerts, wocational societies, picnics and annual sports meeting.

If the time is available at Col. Robertson's special meeting for all ex-servicemen to be held at 425 Courtney Street, a brief report of the joint meeting will be submitted.

L'Alliance Francaise.—At the fortnightly meeting of L'Alliance Francaise, held yesterday afternoon at 1507 Laurel Lane, a great many members availed themselves of the privilege of joining in the discussion on the famous authors and their work. Anatole France, Maeterlinck, Pierre Loti, Selma Lagerlof, Victor Hugo, Lamartine, Jerome K. Jerome, Ellen Keyes, Shakespeare, Edmund Aroclord, Guy de Maupassant, Mile. de Charbonnet and many others were quoted. Madame Halet announced that the topic for next week would be the desirability of entering civic, social or public life, a topic suggested by Miss Alden's recent address before the Canadian Club.

Banking —the Hub of Business

WHEREVER BUSINESS is conducted, the bank becomes the clearing house for the transaction. It is the hub of the great wheel upon which business turns.

Banking is an essential service—a necessary public utility, just as important as the Railway, the Telegraph and the Telephone.

With the turning of the wheel of Canadian commerce, new services and commodities have come into being—the radio, artificial silk, electrical refrigeration and many others. A readjustment of merchandising is constantly taking place—new methods of buying, selling, distributing, affecting all agencies which play their part in the general scheme of merchandising. Banking service must adapt itself to meet these new conditions.

The Canadian Bank of Commerce, in keeping with its name, has been a central factor in all this readjustment. It was ready and prepared to meet these changes, not only for the benefit of its customers, but also with a view to the development of Canadian business in general.

The position that The Canadian Bank of Commerce occupies in the commercial life of Canada today is the result of constructive planning, and this enables it to render adequate service to every industry in all sections of the country.

Letter addressed to the Editor and intended for publication. The longer it is, the more likely it is to be published. All communications should be addressed to the Editor, and should be accompanied by a return address. The Editor is not responsible for the return of unsolicited material.

PROMOTING FRIENDLY RELATIONSHIPS

To the Editor:—The conscience of a church is a matter for itself. Its conduct concerns all churches that bear the Christian name.

The United Church of Canada has two official periodicals, a monthly Record and a weekly newspaper, The New Outlook. Both these publications, in recent issues, continue a campaign of "non-concurring Presbyterians," "non-concurring Presbyterians," etc. The New Outlook prints "the non-concurring church" thirteen times on a single page of one of its latest issues.

It is true that Presbyterians did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination.

They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination.

They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination.

They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination.

They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination.

They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination.

They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination.

They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination.

They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination. They did not concur in the attempt to drive them out of their own church into a new denomination.

August, 1926, the following: "The United Church Record and Missionary Review, continuing The Presbyterian Record," when the latter has never ceased publication.

Moreover, Ottawa, Ontario, certifies that the copyright in the published literary work, entitled "The Presbyterian Record," edited by Ephraim Scott, D.D., of Montreal, Quebec, was registered in the register of copyrights, on the fifteenth day of July, 1925, in the name of Rev. Ephraim Scott, D.D., of Montreal, Que., in trust for the Presbyterian Church.

The "Presbyterian Record" thus registered, bore its usual title "The Official Monthly Record of the Presbyterian Church in Canada."

The statement therefore which has been for over a year on the title page of the United Church Record is both untrue and illegal. The Presbyterian Record continues as in the past, and as per registered copyright.

"The Official Monthly Record of the Presbyterian Church in Canada." It is a monthly publication, and a monthly issue of some 40,000 copies, as compared with 53,000 in 1924, previous to the departure of some from the Presbyterian Church.

Two important things are: First, that by such official conduct, many good men and women in the United Church are misrepresented and misled; and, second, that all the Christian churches, in their efforts to lift the world to higher and better things, suffer when, by any one of them, their great family name is thus traduced in the dust.

EPHRAIM SCOTT.
Montreal, Oct. 30, 1926.

ROAD WANTED
To the Editor:—I read with pleasure your article in The Times on "Road Improvements on Lake Shwamigan." What is wanted out of common sense is a road, and there are many on the west side of the lake is a road connecting with present roads, a distance of about five miles more or less. The department of public works should consider the opening up of the west side of the lake as much as the east side, and the cost should not exceed \$12,000. A very insignificant amount to spend upon the advantages and benefits it would give the community of the west side of Lake Shwamigan.

May I ask your kind attention to your valuable publication to this matter?
C. H. GOSTLING,
Savira Lodge, P.O. Box 413 C.N.R.R.,
Victoria October 26, 1926.

LARGE HONEYMOON
New York, Oct. 23.—Mr. and Mrs. Louis Murex of St. Louis were married in 1904. They thought they would postpone their honeymoon a short while. Recently they returned from Europe after a summer's honeymoon, and brought with them Olive, Suzette, Philippe, Ernest, Richard, Elaine, Louise, Georges, Paul, Edward, Robert, and Jean—their twelve children.

ENGLISH "SHADOWS"
London, Oct. 23.—Winston Churchill, Stanley Baldwin and other cabinet ministers have their "shadows" trailing along after every English dignitary, can be seen a sleuth. The duties of these watch dogs are to guard their masters from autograph seekers, bill collectors and playful anarchists.

METAL CITY
New Braunfels, Texas, Oct. 23.—This is a metal-covered city. Sparks from chimneys have little chance of doing harm. Ninety-five per cent of the roofs are of sheet steel. A fire chief thirty years ago began outlawing wood and gradually the city has become almost fireproof.

RUMORS DENIED
Bucharest, Oct. 23.—King Ferdinand's personal physician, official denies rumors the king is ill health.

Piles Disappear
No Cutting or Solves Needed
External treatments seldom cure Piles.
Nor do surgical operations.
The cause is inside—bad circulation.
The blood is stagnant, the veins flabby.
The bowel walls are weak, the parts almost dead.
To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through stagnant pools. Internal treatment is the safe method. Ointments and cutting won't do it.
J. S. Leonard, M.D., a specialist set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription HEM-ROID, and tried it in 1,000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at MacFarlane Drug Co., who will gladly refund the purchase price to any dissatisfied customer. (Adv.)

QUEEN OF RUMANIA GREETED IN OTTAWA

Officially Welcomed to Canada by Governor-General and Acting Premier Robb

Ottawa, Oct. 28 (Canadian Press) Canada gave its official welcome to Queen Marie of Rumania to-day. Viscount Willingdon, Governor-General, and Hon. J. A. Robb, Acting Premier, met her at the platform of her train and escorted her to the station platform, where parliamentarians, Mayor J. P. Balharric and the city council members and the staff at Government House were waiting to receive her. Prince Nicholas and Princess Ileana accompanied her.

The party left immediately after the formalities of welcome had been observed for the Archives Building, where the visitors saw the historical souvenirs of Canada's national life.

GOVERNOR'S GREETING

Simplicity marked the reception ceremony. As soon as the train

Pure
Milk
Kept
Pure

Nowhere probably is there a body of men so unselfish as the farmers who supply Pacific Milk, and it is because their interest in the milk comes first that Pacific Milk is so good and so pure.

Pacific Milk
Head Office, Vancouver
Factories at Ladner and Abbotsford

stopped Lord Willingdon, and Mr. Robb walked up the carpeted steps which led to the train platform. Queen Marie stepped forward to meet the former with the smile of an old acquaintance. The Governor-General kissed the queen's hand and they chatted for a minute. Mr. Robb was presented and the two representatives of Canada's official life shook hands with the prince, the princess and the rest of the party.

VANCOUVER VISIT
Vancouver, Oct. 28.—Lieutenant-Governor Randolph Bruce and his niece, Miss Helen Mackenzie, will be asked to assist the civic authorities in welcoming Queen Marie of Rumania to Vancouver at noon Friday, November 5.

This decision was reached at a meeting of city council members in Mayor Louis D. Taylor's office to-day, when a tentative programme of entertainment was drawn up for Queen Marie's approval.

City of Vancouver May Have a Ford Assembly Plant

Vancouver, Oct. 28.—"It will be impossible for me to make an announcement regarding an assembly plant in Vancouver until I have had an opportunity of making a survey of the property available here," declared W. R. Campbell, vice-president of the Ford Motor Company of Canada, on his arrival in the city to-day.

"I have not been in Vancouver for two and a half years," he said. "I hope conditions will warrant establishment of a plant here, and I believe if the right property is available it will be possible."

Establishment of an assembly plant in Vancouver would not make any difference in prices on the coast, he declared.

MANY CANDIDATES IN ONTARIO FIELD

(Continued from page 1)

added that as long as the people by plebiscite or referendum, demanded that the act be maintained and enforced, he, as leader, would accept that as the policy of the party, and he promised, with adequate support in the Legislature, to carry out that policy.

The Liberal leader said government control of the sale of liquor, which the Ferguson Conservative administration had made, the major issue in the coming election, "is diametrically opposite to the policy of the Liberal Party" as decided time and again, and as announced by himself at the last session of the Legislature.

VIEWS DIFFER

Independent Liberal members of the last Ontario Legislature, with their supporters, who yesterday dissented from Mr. Sinclair's and the official Liberal Party's declaration of adherence to the Ontario Temperance Act, are continuing their conference to-day. It is expected an announcement of policy will be forthcoming from this group this afternoon. It is understood the leaders of the Independent group are J. A. Pinard, Ottawa East; E. T. Teller, North Essex; Edmund Proulx, Prescott, and A. Belanger, Russell.

Advance polls will be held in every riding in the Province from November 25 to November 27.

R. G. MACPHERSON, EX-POSTMASTER OF VANCOUVER, DIED

(Continued from page 1)

lied up to contribute to the alleviation of the distress and suffering.

His abilities and former services in Parliament were recognized when the Liberals of Vancouver South were seeking a candidate to contest that seat with Leon J. Ladner in 1925 and he was unanimously chosen to represent his party.

LIVED IN ROYAL CITY
Early in life Mr. Macpherson became associated with the drug business, and was connected with that calling in New Westminster from 1888 to 1895. At one time he was president of the British Columbia Pharmaceutical Association.

Mr. and Mrs. Macpherson were members of St. John's Presbyterian Church here.

Apart from his duties as postmaster in Vancouver during the years of the city's growth, Mr. Macpherson made an enviable name for himself as an executive. He always deeply concerned himself with matters of public importance, and took the interests of the political life of the Dominion, his province and city. While in the House of Commons he took an active part as a member of various committees and showed himself as anti-Asiatic and a free trader.

BELONGED TO ORDERS
Mr. Macpherson's fraternal relations were with the Mount Herman Lodge No. 7 of the Masonic Order. He also belonged to the Knights of Pythias. He was honorary president of the Vancouver Lacrosse Club, one of the founders of the Vancouver Canadian Club and a frequent contributor to Canadian magazines.

Mr. Macpherson took a keen interest in the history of the Pacific coast and was justly proud of the collection of books on that subject he had gathered. It included old histories, such as Cook's Discoveries, Captain Vancouver's and Simpson's Explorations.

He is survived by the widow, a son, Archie B., and two daughters, Bessie, at present in Honolulu, and Greta, at home.

The funeral will be held Saturday afternoon, although final arrangements have not yet been made.

EMPIRE DELEGATES DEBATE AIR DEFENCE

(Continued from page 1)

It is added, in fact, that the attitude of the Dominions on the Locarno question has not yet been discussed at all.

THE CONGRESSIONAL ELECTIONS

ALTHOUGH COLONEL GEORGE HAR-
vey seems confident that the Republican Party
in the United States is going to get "a sound licking"
at the polls next Tuesday, other competent judges
who have been making pronouncements during the last
few days declare that the result is extremely doubt-
ful and is likely to be a close one. Both Republicans
and Democrats, as is the way of political parties be-
fore an election, are sure of victory.

Out of a total membership in the Senate of 96
there are at present 54 Republicans and 40 Democrats
and one Farmer-Labor—with one vacancy. Forty-nine
seats are necessary for a majority and there are 38
to be elected next Tuesday. Out of a total mem-
bership of the House of Representatives of 435 there are
at present 246 Republicans, 181 Democrats, 3 Far-
mer-Labor, 2 Socialists and 3 vacancies. The party
commanding a majority must have 218 seats.

It will be understood, of course, that next Tues-
day's election is not a presidential contest. It is the
constitutional process of electing those members of the
Senate whose term expires every two years, and the
election of the whole of the House of Representa-
tives, all of whose members sit for two years only. The
President is elected for a term of four years and Mr.
Coolidge will not be called upon to seek re-election
until 1928.

The political situation in the republic at the mo-
ment is not unlike that which faced President Taft
in 1910. The tariff on that occasion was a live
issue, as it is now, and the Republican Party was
defeated. In fact it was the condition which con-
fronted Mr. Taft then that led to his overtures which
culminated in the reciprocity proposals of 1911. The
party is now again worried because of the effect of its
tariff policies on the farming communities of the Mid-
dle West and in some industrial sections of the New
England states—notably in respect of the textile
trades. This aspect of the situation is an important
consideration in all predictions as to the result of
the polling next Tuesday.

Competent observers who have followed the cam-
paign closely are of the opinion that the Republi-
cans have a better chance of controlling the House
of Representatives than they have of controlling the
Senate. Senator Borah is quoted as the chief au-
thority for expressing doubt about the Republican
chances of keeping the latter chamber under their
control. He is a keen politician and a shrewd judge
of popular sentiment, and his recent tour of the West
produced many doubts in his mind. But, in respect of
the House, he contends that the Republicans may con-
sider their hopes to be rather better than even.

In order to capture the Senate the Democrats
will have to gain nine senatorships, and it is pointed
out that this will not be very easy to do. At the same
time there is a general agreement in Republican
ranks that the party in office will sustain some re-
verses. Even the most optimistic of its prophets, more-
over, argue that the loss of nine seats would be a
heavy blow and a triumph for the Democrats of un-
usual significance. Impartial observers, incidentally,
are not able to make up their minds as to where the
Democrats can hope to make the necessary gains to
give them senatorial predominance.

The Republican senators who are having the most
troublesome time in their respective areas are Wad-
sworth in New York, Butler in Massachusetts, Weller
in Maryland, Ernst in Kentucky, Willis in Ohio,
Williams in Missouri, Harrell in Oklahoma, Oddie
in Nevada, Cameron in Arizona, and Gooding in
Idaho. It is also noted that the Republican nom-
inee, Steiwer, in Oregon, is having his troubles. It
is by no means inconceivable that the Republicans
will lose nine of these candidates; but what is more
likely to happen is that they will lose six or seven
of them. This, of course, would leave the Senate
closely divided among the old parties—with the in-
surgent republicans holding the balance of power.

United States elections very naturally are of tre-
mendous importance to Canada. Both countries
enjoy harmonious economic relations; but the field
of business between the two would be much more
profitable for both with a lower tariff schedule in
operation South of the line. With the Republicans
in power, of course, very little reduction will be made.
The party led by Mr. Coolidge is allied to the in-
terests that are ever greedy for advantages to which
the masses are more justly entitled.

THE EARTH AND MARS

NOT EVEN WITH THE AID OF A FOUR-
teen-valve super-heterodyne receiving set was it
possible for scientists in Great Britain to get into touch
with anybody or anything on the Planet Mars. At
about midnight last night the Martians—if such a
race exists—were nearer to the Earth than they have
been since 1924 and the two planets will not be as

near to one another again until the year 1939. Only
a mere trifle of 42,600,000 miles separated them a
few hours ago.

This distance had no terrors for one optimist in
Great Britain. He handed in a long-distance wire-
less message of two words and got it accepted at the
thirty-six cent rate. It is not known whether it
reached its destination or not; no answer has been
received. Perhaps the wording may have had some-
thing to do with the delay in receiving a reply. Here
it is: "Opestinipitia Secombia." The receiving
clerk was naturally curious about the language; the
sender merely said it was "no known language." It
was presumably a "shot in the dark," as it were.

It will not do to say we shall never know whether
Mars is inhabited or not. Science has been respon-
sible for so many revelations during the last quarter
of a century that the establishment of some form of
communication between this and other planets would
produce only a comparatively mild shock. For the
moment our curiosity will have to go unsatisfied. We
can only hope that if there are Martians, and if they
and the dwellers on this earth meet and exchange ex-
periences, civilization will compare favorably with
theirs. It would be a severe jolt, for instance, if we
discovered that they had discarded jazz civilization
ages ago.

"O CANADA"

ONE OF THOSE PRESENT AT THE RE-
ception given in Vancouver to the Australian
cricketers last week pleads with the people of that city
to learn "O Canada" by heart. He appreciates the
difficulty which the numerous versions of the anthem
present; but he argues that if the most used in the
West were selected and committed to memory such a
rendition as this would not be heard at public func-
tions:

"O Canada,
Our home, our ta de dah,
Our native land, oh boom tah la la la,
O Canada and prosper shore to shore."

Sheer negligence makes us guilty of the most fan-
tastic interpretations of this national hymn. If the
prospect of an agreement on the version to be used is
a poor one, it would be much better if two versions
were sung at the same time in their own words than
to murder all the versions with the phonetic effort
which the Vancouver complainant caught on the oc-
casion mentioned.

WHAT OTHER PAPERS SAY

TWO NEW PORTFOLIOS
From The Toronto Star

News is said to travel fast, but a letter has ar-
rived at The Star office inquiring what portfolios
are held by Mr. Bennett, Mr. Drayton and others. So
far as The Star can learn, Mr. Drayton is now Min-
ister of Memorials, while Mr. Bennett occupies the
portfolio of Lost Hopes.

A Sheik Among Birds

By ARTHUR N. PACK

It is Spring, and Bob White is calling from a fence
post beside the road.

It is a cheery call, and base indeed would be
the man who would harm Bob as he sends forth his
challenge. For the little call serves a double pur-
pose; it tells Mrs. Bob that here he is on the job, and
it proclaims to other birds that he is in the domain,
and that he will resent with all his might their
intrusion.

Some suppose that this loud call is Bob White's
only method of voicing his emotions, but this is
far from the truth. Let his brown-throated
sweetheart wander near his perch and he drops
down into the thicket and with the softest and
most persuasive of calls pursues his wooing.

The gentleness and beauty of Bob White has led
to attempts in some states to have him put on the
list of song birds, that he might be protected at all
times of the year. Though there is much virtue in
this view, it has not found wide acceptance, for
sportsmen dearly love to track Bob and his brood.

This sport has long ago resulted in his extirpation
from many parts of his range, especially where the
climatic conditions were so severe that he had all he
could do to maintain his range when unpersecuted.

What a tragedy for poor Bob, for those of us who
love him alive, and for our children who may never
know his cheerful challenge.

Bob White

Chances for Investors

In view of the second International Exhibition of
Inventions which opened at the Central Hall, Westmin-
ster, on October 13, a booklet entitled "What's
Wanted," instituted by the Institute of Patentes,
is particularly opportune.

"With the rapidity of progress at the present
time," states the general secretary of the Institute,
Mr. G. Drury Coleman, "it is quite conceivable that
many of the items which may be classed as 'impos-
sible' by some people may be an accomplished fact
within a very short period."

Among the needs of the moment enumerated are the following:

A method of conveying speech direct and readable
to paper.
A key that will not lose its identification.
Pipe that can be easily and effectively cleaned.
Electric toaster that will, if possible, cut off the
current before the toast begins to burn.
Noiseless aeroplane.
Aeroplane that can be easily managed by a boy or
a girl.
Hatband that does not become discolored by white
streaks after being subjected to heavy rain.
Process to eliminate rust.
Noiseless gun.
Transmission of speech by light.
Altogether there are nearly 150 "needs" classified
as "what's wanted."

Do You Mean What
You Say?

The Register and Tribune Syndicate,
Des Moines

"HAND IN YOUR CHECKS"

"HAND IN YOUR CHECKS"

"Hand in your checks" is an
Americanism for drying or "giving up
the ghost." It is a figurative refer-
ence to relinquishing the last hold
upon one's earthly possessions. By
virtue of its origin the expression
actually refers to settling your
earthly affairs or making your will.
It was customary in the old days for
restaurateurs to give a cer-
tain amount of credit to known pa-
trons. Whenever these customers
seemed to be abusing their privileges
by neglecting periodic settlements,
they were asked to "hand in their
checks." Such a request was equi-
valent to notice to the patron that his
credit was "dead." Hence the pre-
sent usage of the phrase.

Canadian Questions
and Answers

CANADA'S FIRST FARMER

Q. Who was Canada's first farmer?
A. Canada's first farmer was Louis
Hebert who, on February 27, 1638,
was granted 1,000 acres of land near
the present city of Quebec on con-
ditions of seigniorial tenure and under
which he was to bring a certain
number of men, as settlers and to
render military service when re-
quired. Descendants of the family
still exist in Quebec province.

Victoria, Oct. 28.—5 a.m.—The bar-
ometer is abnormally high over this Pro-
vince and frosts have been general from
the coast eastward to Manitoba.
Reports

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, October 28, 1901

Capt. J. W. Troup, manager of the Canadian Pacific Navigation Com-
pany, who has been negotiating in the East for the purchase of two new
steamers for the coastal service here, returned to-day. One of the new
vessels is to replace the wrecked steamer Islander.

Victoria defeated Nanaimo 9-0 in the football game played here on
Saturday.

While working up a pole near Four Mile House, William Dockings,
employee of the B.C.E.R., was electrocuted yesterday.

Ontario Indian Confesses Killing

Owen Sound, Ont., Oct. 28.—Daniel Crow, son of "Doctor" Crow, an Indian doctor of the Saugeen Reserve, who was arrested with his father on Monday morning following the fatal shooting of Grant McKay in woods near Thorton Sunday night, yesterday confessed, according to provincial police, that he had fired the shot which killed McKay. The police de-

clared Crow had signed a statement, confessing his guilt.

FIRE IN ALBERTA

Radway Centre, Alta., Oct. 28.—Fire which broke out yesterday in the flour mill here operated by Emil Dubas, completely destroyed the plant and burned out the Commercial Hotel, owned by John Rudyk, the J. W. Semening general store and Dr. Rudyk's office, the total loss being estimated at \$20,000, about half of which is covered by insurance. The cause of the fire is as yet unknown.

ASTRONOMERS LEARN LITTLE ABOUT MARS

Making Greatest Efforts at Present, While Planet Nearest the Earth

Chicago, Oct. 28.—Mars, the ruddy world of mystery above which men have speculated for hundreds of years, is not likely to yield very much information concerning its physical aspects until larger and more powerful telescopes are made.

This is the opinion of astronomers at the Yerkes Observatory, Williams Bay, Wisconsin, who have been training their lenses on the enigma of the skies, now a scant 42,000,000 miles from a questioning earth.

POLAR CAPS

Current scrutiny of the planet, which has two moons to the earth's one, has revealed that the Summer season is well advanced. The white spot at the north polar region, taken to be ice or snow, is considerably smaller than during the observations of August, 1924, the last time Mars was in a favorable position for investigation.

Professor William Fox of the Dearborn Observatory, Northwestern University, estimates the diameter of the cap at 240 miles.

QUESTION OF LIFE

The question as to whether life exists on the planet still remains a matter of conjecture, in the opinion of many astronomers. To scientists, life may mean the smallest hint of vegetation deduced from apparent climatic and atmospheric changes, but to the man in the street, life means only one thing—human life.

theory came from Dr. W. M. Stevenson, observer at the Royal Observatory at Greenwich, England, who said efforts to pick up signals from Mars were all "bungled."

NO SIGNALS HEARD

London, Oct. 28.—Mars, which just now is edging a little closer to the earth than usual, failed to flash an SOS or any other signal last night which might thrill British astronomers or eager listeners at the radio, but thousands of enthusiastic stargazers and others remained hopelessly on the job. The biggest telescope in the Greenwich Observatory worked overtime to satisfy the scientific search for knowledge of Mars' hidden mysteries, but in vain. A four-teen-valve super-heterodyne receiving set installed by a wireless magazine also functioned as best it could but no interplanetary sounds, signs or symbols were trapped. The Martians, if there are such and if they have been engaged in an attempt to communicate with the earth will have to try again.

BIG LOAN FOR MINES IN BRITAIN REPORTED

Rumors Tell of Effort to Tide Industry Over Strike Trouble

London, Oct. 28 (New York Herald-Tribune Special Cable).—Intervention in the British coal strike by prominent industrial and financial interests is foreshadowed in reports that a large private loan is under consideration to tide the mining industry over the crisis.

Disheartened by the Government's frank admission of failure in its efforts to bring about peace, business leaders realize the nation faces a grave economic depression unless the strike, which has lasted five months, is brought to an end.

CONFERENCES ARRANGED

Lord Derby, who already has offered his services as a mediator, left his home at Knowsley, Lancashire, for London, where he is expected to meet prominent industrialists. Meanwhile an attempt of the

Makes Hair Behave But Doesn't SHOW!

There's a way to keep your hair just-so, without any of that objectionable, "plastered-down" look. Just use a few drops of Danderine—comb it through hair, or use a Danderine-dampened towel—you'll be amazed at the way your hair then behaves, and its beautiful lustre!

Any permanent wave or water wave lasts much longer and looks much nicer when Danderine is used instead of water to "set" the wave.

Of course, you know what Danderine does to dandruff! Dissolves every bit of it. Puts scalp in the pink of condition, invigorates hair and hair-roots. Why use anything else?

Ask Your Druggist

Get a bottle of Danderine and start its benefits to-day. Every drug store has it for only six pence. For the finest dressing you could find, and the best aid to hair health yet discovered, just try—

Danderine

Trades Union Council to Intervene in the strike apparently has failed. As a result of an interview on Tuesday between representatives of the council and the Government, trade union meetings have been called for Friday, at which the Miners' Federation executives will be present. A report will be given of the interview with the Prime Minister.

Investigation of Company Leads to Ten Persons' Trial

Los Angeles, Oct. 28.—Ten persons connected with the former management of the Jeffries Automobile Service Company are under indictment by a federal grand jury here on charges of using the mails in a scheme to defraud. Names of four of those indicted are being held secret, but the other six were named as George M. Pettit and Herbert G. Danforth of Los Angeles; Elmer B. Jeffries and Charles E. Jeffries of Dallas, Texas; and Dwight L. Seymour and Charles E. Forbes, whose addresses are unknown.

The company, which officers said came under investigation in 1925, is engaged in the slot machine distribution of pies and sandwiches and now has an entirely new management.

The Jeffries Company was organized in 1924 to lease and sell the food vending machines, according to the charges, and for a time bought them at \$2.75 each and sold them at \$1.25 to \$3.00 each, making a profit of about \$2,000,000. But in five months in 1925, the United States district attorney declared, the company lost \$500,000 in servicing and repairing the machines. Later, he charges, "milking companies" were organized and given a disproportionate share of the profits. One of these is said to be the patent holding and operating company which was given a \$3 royalty on each machine and a similar back royalty on machines previously purchased. The Drop-a-Dime Inn Association was another company which was said to have been paid wonderful amounts, thereby defrauding the Jeffries Company stockholders.

The indictments were returned by the Federal Grand Jury yesterday.

Police of Toledo Hunting Murderer

Toledo, Ohio, Oct. 28.—Recovery of a purse that was taken from Miss Lily Dale Croy, twenty-six, slain school teacher, and the finding of a heavy iron bar, believed to be the instrument with which she was beaten to death, brought the police nearer to-day to Toledo's notorious clubber. The young woman's purse was found on a sidewalk downtown. It had been dropped, police believe, not more than half an hour before a pedestrian picked it up. This convinced detectives the clubber still was roaming the streets here.

The purse was engraved with Miss Croy's name and address. When she left her home Monday night to attend classes at Toledo University she had \$2 in the purse. This money was missing, as well as the automobile keys and calling cards she carried.

An iron bar, about a foot long and weighing between six and eight pounds, is believed to have been the clubber's weapon. It was recovered yesterday by James Harrison, a negro, near the Washington school, where the body of Miss Croy was found under a fire escape Tuesday.

REVOLUTIONISTS IN NICARAGUA ARE DEFEATED

Managua, Nicaragua, Oct. 28.—The military authorities announced yesterday that Liberal revolutionists had been defeated in a five-hour battle at Torreal Blanco, near San Francisco de Cuadriquilapa. Five revolutionists were killed and thirteen wounded, while the Government troops' losses were two killed and five wounded.

An effort, under the good offices of the United States, to bring about peace in Nicaragua, failed within the past few days when the peace conference at Corinto broke up.

PRIVY COUNCIL APPEALS

Vancouver, Oct. 28.—"As long as we are British, we have a connection between Canada and Britain, we have no reason to break with the Privy Council," declared J. W. deB. Farris, K.C., speaking on the Canadian Constitution yesterday, before the Professional Engineers' Club at a luncheon meeting here yesterday.

KRAFT Cheese has such a delicate and unvarying flavor and every delicious particle of it is so perfectly digestible that it enjoys a wide popularity all over the world.

Trained men, raised in the KRAFT organization, watch every step in the production of the cheese which is carefully aged, blended and pasteurized. They never relax their vigilance nor fall below the high standards set for the House of KRAFT by its founder. Thus the KRAFT quality is always maintained in every package of the cheese that bears the trade-mark found below.

The consequence is that wherever this cheese is tasted, it is demanded, until it is now being sold all over Canada, the United

States, Great Britain, a part of the Continent and in far-away Australia. Manufacturing plants in: Montreal, Canada; Chicago and San Francisco, U.S.A.; London, England; Melbourne, Australia.

There is only one way to satisfy yourself that you are getting KRAFT, and that is to look for the name on the package.

You can buy KRAFT Cheese in five varieties—to suit any taste—and they are all as good as KRAFT can make them—KRAFT Canadian, Pimiento (Spanish peppers added), Swiss (Gruyère), Limburger and Camembert.

YOUR BABY and MINE
By MARY METER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

SCHEDULE FOR BABY OF SIX MONTHS
(By Request.)
There are some few changes to be made in the baby's daily schedule after six months of age, the chief one being the lessened number of feedings. After six months, unless a child is tremendously underweight, he should be fed but once in four hours. If a baby can't go this long without food, it is plain his diet is not adequate for his needs. It makes little or no difference if a baby starts his day at 6 or 7. What ever time he starts it, he will end it at the same time, and for some mothers it is more convenient to nurse the baby at 6 and for others 7 is more suitable. We will start this particular 6-month-old baby

with a 6 o'clock feeding, and if "your" baby wakens later merely advance the hours to conform with the later rising hour.
Breast or bottle feeding.
Short nap.
8 a.m.—Orange or tomato juice.
9.30 a.m.—Bath and attention to toilet.
10 a.m.—Breast or bottle feeding and long nap, preferably on open porch.
2 p.m.—One or two tablespoons of fine wheat cereals; breast or bottle feeding.
Daily airing and short nap.
6 p.m.—Breast or bottle feeding.
Bed for night.
10 p.m. to 12 m.—Breast or bottle feeding.
Cod liver oil can be given before or after any of the feedings, three times a day being sufficient.
The wise mother will prepare bottle feedings and wash clothes while the baby is taking his long morning nap and then rest during the time when he is taking his short nap after 2 o'clock.
Between 5 and 6 the baby can be undressed and in a warm room on the bed and allowed to frolic, hampered by only a diaper and band, until it is time to put him in his nightclothes. He'll love this play time and if he isn't excited by rough handling but is allowed to furnish his own entertainment, he'll be happy during this usually restless period and sleep like a top afterwards.

SOCIAL PERSONAL WOMEN'S AFFAIRS AND CLUB NEWS

POPULAR COUPLE WED LAST NIGHT

Miss Amy McMillan Becomes Bride of James McKenzie

Beautifully decorated with flowers and foliage, the First United Church lent a pretty setting to the wedding last evening of Miss Amy McMillan (Amy) McMillan, daughter of Mr. J. McMillan, 3614 Scott Street, and Mr. James McKenzie, son of Mr. and Mrs. David McKenzie, 2811 Strathcona Street. Rev. Dr. W. G. Wilson officiated in the presence of a big congregation.

The bride, who was given in marriage by her brother, Mr. John McMillan of Cadomin, Alberta, wore a beautiful wedding dress of sunburst georgette crepe, made with a full skirt and flowing silver lace with a mauve and silver flower on one shoulder. Her picture hat was of sunburst georgette faced with mauve georgette and trimmed with hand-made French flowers in pastel shades. She carried a shower bouquet of Opheelia roses, carnations and maidenhair fern and tiny pink sweethearts.

The bridegroom, Miss Annie McKenzie, was pretty in a frock of orchid georgette trimmed with silver, and carried a shower bouquet of carnations and pink chrysanthemums.

The groom was supported by Mr. Alfred Dowell, and the ushers were Mr. Sam McKenzie and Mr. David McKenzie. During the signing of the register, Miss Hannah Barr sang, "Come, Sing to Me."

Following the ceremony, a largely-attended reception was held at the Odd Fellows' Hall, Douglas Street, the bride and groom standing beneath a floral arch to receive the good wishes of their many friends.

Mrs. McMillan and Mrs. McKenzie, mother of the bride and groom respectively, assisted in receiving. Mrs. McMillan wearing navy blue broad-crested hat of China trimmed with grey, while Mrs. McKenzie was gowned in navy blue satin trimmed with sand-colored crepe de Chine.

A buffet supper was served. A handsome three-tier wedding cake occupied the place of honor on the table, Mrs. H. Warner, and Mrs. H. R. Taylor being assisted in serving by Mrs. H. McDonald and the Misses Panny McKenzie, Rita McDonald, Edith Jeune, Mary King, Lily McKenzie and Mary McKenzie. Miss Barr sang during the evening.

The many handsome wedding gifts were arranged in the hall, among them being a beautiful gift and a cheque from the Brackman-Ker Milling Company and staff, and a gift and cheque from the B. Wilson Company of which staff the groom is a member. A handsome silver sandwich tray was the gift of Carnie Hebeal Lodge.

The bride and groom left on the midnight boat for Vancouver and the Sound cities, the bride traveling in the White River, a motor launch of China, with which she wore a bois de rose coat trimmed with American opossum and bois de rose silk velvet hat to match, embroidered in rose and gold.

On their return to the city, Mr. and Mrs. McKenzie will reside at 2773 Victor Street.

The get-of-town guests included Mr. and Mrs. John McMillan of Cadomin, Alberta; Mrs. W. Archer, Vancouver; Miss Edith Jeune, Sidney, and Mrs. G. Troup, Sooke.

At noon on Monday, October 25, a quiet wedding took place at the residence of Mr. J. P. Dempsey, 107 Bushby Street, when Miss Elsie Randall, daughter of Mr. James Randall, Tisdale, Sask., became the bride of Mr. William Dempsey of Vancouver.

Miss Isabelle Dempsey acted as bridesmaid and Mr. J. P. Dempsey as best man. After the ceremony, which was performed by the Rev. Henry Knox, the company sat down to a wedding dinner provided by Mrs. J. P. Dempsey. Mr. and Mrs. Dempsey left on the afternoon boat for Seattle and after a brief honeymoon will take up residence in Vancouver.

Mr. and Mrs. C. Gardner Johnson of Vancouver announce the engagement of their niece, Mrs. Ursula Montgomery, widow of the late Lieut. Neville Montgomery, 29th Battalion C.E.F., and daughter of Mrs. A. E. Phillips of Toronto, to the Hon. Harold Montgomery, eldest son of the Right Reverend Bishop H. H. Montgomery and Mrs. Montgomery, Newpark, Moville, Donegal, Ireland. The ceremony will take place at Nairobi, British East Africa, on November 12. The Hon. Harold Montgomery is commissioner and member of the Legislative Council of Kenya Colony, British East Africa, and is a brother of Mr. Donald S. Montgomery, Vancouver. Mrs. Montgomery is well known in Victoria, she having acted as social secretary for Mrs. Walter C. Nichol during her chaperonage of Government House. Mrs. Montgomery accompanied Miss Marquitta Nichol to England a few months ago.

Five Hundred Party—The regular five hundred card game was held in the Lake Hill Community Centre, Monday evening. The first prizes went to Mrs. Jones, Mrs. Walter Peddie, Mr. Knowlton, Mr. Hillborn; second prize, Mrs. Fleming, Mrs. Davidson, Mr. Townsend, Mr. Sturgeon; ten bid, Mrs. Kirkham, Mr. Simpson; tombola, Miss Douglas. The next game will be held Monday, November 1, under the auspices of the Lake Hill Women's Institute.

"MARRIAGE PROBLEMS" COMMENCE SATURDAY
An unusually interesting series of articles entitled "Your Marriage Problem," written by outstanding women of Great Britain and America, will commence in the Women's Page of the magazine section on Saturday and will be run each Saturday until the series is concluded. Maude Royden, the famous woman preacher of the City Temple, London, will be the author of the first article, writing on "Religious Differences as They Affect Marriage." Sheila Kaye-Smith, the well-known writer of many successful novels, will be responsible for the second of the series.

Mr. E. H. Sankey left yesterday on a business trip as far south as Chico, California.

Mrs. A. Inglis of Wildwood Avenue is visiting Mrs. H. W. Brien at Duncan.

Mr. Robert J. Muirhead left to-day via Seattle for Detroit, Michigan, where he will reside for the next year.

Capt. J. W. Wickson of Vancouver, who has been a guest at the Strathcona Hotel for the last few days, returned to the mainland last evening.

Mr. and Mrs. Jack Potts, nee Gertrude Welsh, have returned to Victoria from their honeymoon and are resident at 1746 Denman Street.

Miss Alice Strolger has returned to Victoria from Vancouver and is visiting Mrs. M. and Mrs. J. Bowker, Bowker Avenue.

Mrs. R. W. Keer, with her mother, Mrs. M. Jones, who have been guests at the Glenahiel Hotel for some time, are going into residence this week at 120 Cambridge Street.

Dr. and Mrs. W. A. Whitlaw of Vancouver are spending a few days in Victoria as the guests of Dr. and Mrs. Douglas W. Graham, 1181 McClellan Street.

Mrs. D. O. Cameron, George Road, who has been visiting her mother, Mrs. D. B. Cameron, in Sparta, Tennessee, is expected back in Victoria the end of this week.

Col. Andrew Campbell of Toronto, who has been on a brief visit to his nephew, Mr. Alan Campbell, Marlborough Street, left yesterday afternoon for his home in the East.

Cav. C. D'Amico received Mrs. G. W. D'Amico, who arrived from the boat yesterday, and presented her with a bouquet of roses.

Mrs. A. Ashley and Mrs. S. Willis, both of Vancouver, who have been spending a few days in Victoria as the guests of Mrs. J. H. Hill, Hillside Avenue, have returned to their respective homes on the mainland.

Miss Ethel Astel has been the guest of Mr. and Mrs. Alex. McDermott at the Uplands for the last two weeks, left yesterday for Vancouver en route for her home in Prince Rupert.

Mr. J. J. Hickey, who succeeds Mr. E. W. Clayton as manager of local C.P.R. Telegraph, arrived from Port Arthur and is assuming his new duties. Mr. Hickey was prominent in sports circles at the Head of the Lakes, being manager of the Allan Cup winners for four years.

Mr. and Mrs. Eric H. Gordon, formerly of Victoria and now residents of Oregon, are in the city on a visit to renew old friendships. Mr. Gordon occupies an important official position in the United States forestry service, with which he became connected after the war. He has charge of the White River patrol at Mount Hood National Forest.

At noon on Monday, October 25, a quiet wedding took place at the residence of Mr. J. P. Dempsey, 107 Bushby Street, when Miss Elsie Randall, daughter of Mr. James Randall, Tisdale, Sask., became the bride of Mr. William Dempsey of Vancouver.

Miss Isabelle Dempsey acted as bridesmaid and Mr. J. P. Dempsey as best man. After the ceremony, which was performed by the Rev. Henry Knox, the company sat down to a wedding dinner provided by Mrs. J. P. Dempsey. Mr. and Mrs. Dempsey left on the afternoon boat for Seattle and after a brief honeymoon will take up residence in Vancouver.

Mr. and Mrs. C. Gardner Johnson of Vancouver announce the engagement of their niece, Mrs. Ursula Montgomery, widow of the late Lieut. Neville Montgomery, 29th Battalion C.E.F., and daughter of Mrs. A. E. Phillips of Toronto, to the Hon. Harold Montgomery, eldest son of the Right Reverend Bishop H. H. Montgomery and Mrs. Montgomery, Newpark, Moville, Donegal, Ireland. The ceremony will take place at Nairobi, British East Africa, on November 12. The Hon. Harold Montgomery is commissioner and member of the Legislative Council of Kenya Colony, British East Africa, and is a brother of Mr. Donald S. Montgomery, Vancouver. Mrs. Montgomery is well known in Victoria, she having acted as social secretary for Mrs. Walter C. Nichol during her chaperonage of Government House. Mrs. Montgomery accompanied Miss Marquitta Nichol to England a few months ago.

Five Hundred Party—The regular five hundred card game was held in the Lake Hill Community Centre, Monday evening. The first prizes went to Mrs. Jones, Mrs. Walter Peddie, Mr. Knowlton, Mr. Hillborn; second prize, Mrs. Fleming, Mrs. Davidson, Mr. Townsend, Mr. Sturgeon; ten bid, Mrs. Kirkham, Mr. Simpson; tombola, Miss Douglas. The next game will be held Monday, November 1, under the auspices of the Lake Hill Women's Institute.

"MARRIAGE PROBLEMS" COMMENCE SATURDAY
An unusually interesting series of articles entitled "Your Marriage Problem," written by outstanding women of Great Britain and America, will commence in the Women's Page of the magazine section on Saturday and will be run each Saturday until the series is concluded. Maude Royden, the famous woman preacher of the City Temple, London, will be the author of the first article, writing on "Religious Differences as They Affect Marriage." Sheila Kaye-Smith, the well-known writer of many successful novels, will be responsible for the second of the series.

Mr. E. H. Sankey left yesterday on a business trip as far south as Chico, California.

Mrs. A. Inglis of Wildwood Avenue is visiting Mrs. H. W. Brien at Duncan.

Mr. Robert J. Muirhead left to-day via Seattle for Detroit, Michigan, where he will reside for the next year.

Capt. J. W. Wickson of Vancouver, who has been a guest at the Strathcona Hotel for the last few days, returned to the mainland last evening.

Mr. and Mrs. Jack Potts, nee Gertrude Welsh, have returned to Victoria from their honeymoon and are resident at 1746 Denman Street.

Miss Alice Strolger has returned to Victoria from Vancouver and is visiting Mrs. M. and Mrs. J. Bowker, Bowker Avenue.

STORY OF THE

Miss Aline Mackay left yesterday via the overland route for her home at Carmel-on-the-Sea, California, after spending the Summer months as the guest of her sister, Miss Gertrude Mackay, at South Pender Island.

Bridge and mah jong will be played at the home of Miss Agnew, Rockland Avenue, to-morrow afternoon at 2 o'clock, in aid of the funds of the Camosun Chapter, L.O.E.E. Tables may be reserved with the hostess at telephone No. 398. Players are requested to bring their own sets and cards. Additional guests will be welcomed at the tea hour.

Many merry-makers in fancy costume filled the Odd Fellows' Hall on Tuesday evening when Colfax Rehearsal Lodge held its Halloween masquerade social. The hall and dining-room were effectively decorated with seasonal colors and favors, such as witches, grinning cats and pumpkins. The many pretty costumes made the task of judging a difficult one, but after much deliberation prizes were awarded as follows: Best dressed, Mrs. P. Laiff as Turkish lady; Mr. J. Gardner, an Arab sheik; Lady Hallowe'en, P. G. Walker as Lady Hallowe'en, and G. Connors as a pirate; most comical, Mrs. L. Walker as Old Dutch and Mrs. Hant, a Scotsman. Mrs. W. H. O'zard won the tombola prize. The Odd Fellows' orchestra played the latest dance music.

A delightful farewell party took place at the home of Mrs. Jas. Henly, 1326 Dallas Road, on Saturday evening in honor of Mrs. Jas. McKnight and Mrs. Leslie Dudge of San Francisco. The evening was spent in games and dancing. A dainty buffet supper was served at midnight. The coffee urns were presided over by Mrs. M. Lewis and Mrs. A. Worth. The loes were cut by Mrs. C. Bennett and Mrs. A. Hansen. Among the invited guests were Mr. and Mrs. H. Dudge, Mr. and Mrs. T. Marshall, Mr. and Mrs. C. Bennett, Mr. and Mrs. A. Worth, Mrs. M. Lewis, Mrs. A. Hansen, Mrs. J. McKnight, Mrs. L. Dudge, Mrs. E. Hayward (Vancouver, B.C.), Mrs. B. Daisel (Bellingham), Mrs. A. Green Jr. (Bellingham), Mrs. L. Gerrard, Miss A. Taylor, Mr. Jas. Henly Sr., Mr. A. Taylor, Mr. F. Henly, Mr. Jas. Henly Jr., Mr. J. Parker, Mr. C. Henly, Mr. C. Cox, Mr. R. Green and others.

The marriage of Miss Mary King Hall, youngest daughter of Mr. and Mrs. W. Hall of Aberdeen, Scotland, and Mr. Robert Stark, youngest son of Mr. and Mrs. G. Stark, 1472 Bedford Street, took place last evening at 8.30 o'clock at the home of the groom's parents. The reception rooms were beautifully decorated with Autumn flowers, the ceremony taking place under an arch of ivy, pale pink carnations and mauve chrysanthemums. Given in marriage by Mr. A. Milligan, the bride wore a lovely gown of rosewood crepe de Chine, embroidered in gold, and she carried a shower bouquet of Opheelia roses and swansons. The maid of honor, Miss Ruby McGruther, wore a becoming frock of white hand-made lace over turquoise blue. She wore a band of French flowers in her hair and carried a bouquet of pale pink roses and carnations. Mr. John Feakins was best man and the ceremony was performed by the Rev. Dr. Wilson. The buffet supper table was decorated with pale pink carnations and silver vases of roses at the corners and was centred with a handsome two-tier wedding cake. After a honeymoon spent in Vancouver and the Sound cities, Mr. and Mrs. Stark will reside on Pandora Avenue.

Lake Hill W.I.—The regular monthly meeting of Lake Hill Women's Institute will be held on Tuesday, November 2, at 2.30, in the Community Hall. After Saturday afternoon and evening there will be a children's fancy dress Halloween party. Prizes are being offered for the best costumes. Supper will be served about 1.30 o'clock. A collection in aid of the Solarium will be taken. On Monday evening the usual card party will be held.

Mr. and Mrs. C. Gardner Johnson of Vancouver announce the engagement of their niece, Mrs. Ursula Montgomery, widow of the late Lieut. Neville Montgomery, 29th Battalion C.E.F., and daughter of Mrs. A. E. Phillips of Toronto, to the Hon. Harold Montgomery, eldest son of the Right Reverend Bishop H. H. Montgomery and Mrs. Montgomery, Newpark, Moville, Donegal, Ireland. The ceremony will take place at Nairobi, British East Africa, on November 12. The Hon. Harold Montgomery is commissioner and member of the Legislative Council of Kenya Colony, British East Africa, and is a brother of Mr. Donald S. Montgomery, Vancouver. Mrs. Montgomery is well known in Victoria, she having acted as social secretary for Mrs. Walter C. Nichol during her chaperonage of Government House. Mrs. Montgomery accompanied Miss Marquitta Nichol to England a few months ago.

Five Hundred Party—The regular five hundred card game was held in the Lake Hill Community Centre, Monday evening. The first prizes went to Mrs. Jones, Mrs. Walter Peddie, Mr. Knowlton, Mr. Hillborn; second prize, Mrs. Fleming, Mrs. Davidson, Mr. Townsend, Mr. Sturgeon; ten bid, Mrs. Kirkham, Mr. Simpson; tombola, Miss Douglas. The next game will be held Monday, November 1, under the auspices of the Lake Hill Women's Institute.

PRETTY WEDDING AT SIDNEY CHURCH

Nuptials Yesterday of Miss Phyllis Whiting and Walter R. D. McAdams

A very pretty wedding took place in St. Andrew's Church, Sidney, at 1 o'clock on Wednesday, when the marriage of Miss Phyllis, younger daughter of Mr. and Mrs. W. Whiting of Sixth Street, to Mr. Walter Robert Darby McAdams, only child of Mr. and Mrs. McAdams of Cadomin, Alberta, and bride who was given away by her father looked a picture of girlish loveliness in a gown of ivory radium lace, trimmed with lovers' knots and orange blossoms. The veil was of embroidered silk net and was caught to the head in fan shape with wreath of orange blossoms. Her only ornament was a string of pearls. She carried a

DOES INVALUABLE WORK FOR CHURCH

Miss Hasell Tells of Experiences Organizing Sunday Schools of B.C.

A large gathering of parents and Sunday School teachers heard with interest last night Miss Hasell's account of her experiences in the Sunday School motor caravan used during the summer in the Kootenay and Okanagan districts, when she spoke at the Memorial Hall.

Miss Hasell and her companion,

Miss Sayle, visited many isolated families and settlements, in some cases traveling for miles over rough and precipitous roads to reach the home of a forest ranger or rancher. Parents and children alike appreciated their visits. Miss Hasell said, and they were welcomed with equal cordiality by clergymen who were in charge of districts covering an area of hundreds of miles.

As a result of the summer's work, which showed that large numbers of children in the districts visited were without any knowledge of God, Jesus Christ, or the Bible. Among certain settlements, "communist" literature was being distributed, the speaker said, and it was important that Church people should make it possible to circulate Christian literature, especially for children.

BISHOP SPEAKS

The Bishop of Columbia spoke highly of Miss Hasell's work, and also commended the purpose of Sunday schools. The present time, he said, was a glorious opportunity for parents and teachers to learn to understand the thoughts and needs of young people to-day. Religion should be taught sympathetically, he maintained.

"The Children's Corner" in the new cathedral was referred to in a brief statement by R. A. Woodton, chairman of the children's committee for the proposed Christ Church Cathedral. It was hoped that boys and girls, by earning and giving money themselves to their own section of the building, would gladly take their part in helping forward the work of the church.

Rev. H. T. Archbold acted as chairman and announced that the Diocesan Board of Religious Education would hold monthly meetings for parents, teachers, and others interested in religious education. The next meeting would take place in St. Mary's Hall, Oak Bay, in November, and other parishes would be visited in turn, he said. A feature of each meeting would be a "question box," to which questions bearing on the religious training of children could be sent by any parent or teacher in the district.

Miss Hasell is repeating her lecture this evening in St. Paul's Church House, Esquimalt.

Tea for Missions—The Mission Circle of the First Baptist Church will hold a silver tea at the home of Mrs. Reginald Chave, 232 Government Street to-morrow from 3 till 6 o'clock. Mrs. Chave will wear Indian costume and will display her wonderful collection of curios from India. The proceeds of the affair will be devoted to mission work.

NEWS IN BRIEF

Ward Seven ratepayers will meet to-night in Tillamook schoolroom at 8 o'clock to hear Reeve Macnicol and Councillor Crouch speak on municipal affairs.

The pipe band of the Sixteenth Canadian Scottish Regiment will commence their practices on Thursday, November 4. The officer commanding will address the pipers. Any pipe players who may be interested are invited to be present.

So gratifying is the interest being shown in the annual exhibition of the Island Arts and Crafts Society at the Crystal Garden, that it has been decided to prolong it for another week. The proceeds of next week will be handed over to the Solarium fund.

Dr. Ernest Hall will give a lecture to men only at Temple Hall, North Park Street, on Sunday afternoon next, entitled "The Man's Problem." W. T. Hird will take the chair. The meeting will commence at 2:30 o'clock.

The Ladies' League of the City Temple will hold a hallowe'en party at Temple Hall, North Park Street, next, commencing at 8 o'clock. There will be a "ghost walk," and children's parade. A prize will be offered. Refreshments will be served.

Inspection of the Saanich schools will hereafter be performed by Inspector W. H. M. May, the Saanich School Board was last night notified. Inspector A. C. Stewart, who has officiated for the Department of Education for the past year, has been transferred to Duncan and up-island territory.

George S. Lowe of Talmie Avenue was last night refused permission to use a room of Lake Hill School each week during the winter for Sunday school classes. The Saanich Trustees considered that adequate buildings for such uses exist in the district. It was recalled that Mr. Lowe had been permitted to use the school last year.

The Saanich School Board was last night informed by the Oak Bay School Board of approval of the principle of joint employment of a municipal schools inspector by Saanich, Esquimalt and Oak Bay, but that no action by Oak Bay to give effect to the proposal is practical at this time, in view of large expenditures anticipated in the near future. The letter was filed without comment.

John Henry Eugene Green and his daughter, Mrs. Harold Smith, are being sought by relatives who have good word for them, according to a message coming to the Victoria Detective Office to-day from J. G. Egan, a relative of Mr. Green. The couple sought are believed to be somewhere in the West of Canada. Mr. Bastin's address is 101 Oak Street, Galt, Ontario.

Laxity by teachers in luncheon hour supervision of children attending Saanich schools results in loss of half the lunches, Trustee Mrs. Campion alleged last night at the monthly session of the Saanich School Board. Trustees there agreed that relative laxity in the supervision of half the lunches, and the board formally adopted a resolution demanding the presence of at least one teacher in all schools during the luncheon interval.

An interesting lantern lecture will be given in Belmont Ave. Hall to-day by J. G. Brown on "A Trip to and Through Scotland." He will take his audience across Canada from Victoria to the sea, and will visit every part in the north of Scotland. One hundred and twenty-five slides will be shown by A. S. Egan, a relative of Mr. Green. The lecture will be given at 8 o'clock. The cost of operating Victoria's school system last year was \$384,000, of which \$148,000 was provided by the city. The value of city school buildings is now \$1,053,000, lands and playgrounds are worth \$250,000, with an area of above fifty acres. Other assets bring the school properties up to a total worth of \$1,500,000.

Mr. Peden gave data as to the present attendance and the large staff employed. He reported a great scarcity of teachers qualified to direct higher studies, while in the graded schools a great surplus of teachers is available. He touched on the High School, where 477 boys and 668 girls are taking instruction, and described the varied courses offered. The night-school enrollment for the present year is 602. An increase is noted in all departments of the city's school system, an indication of an increase in the population of Victoria.

Trustee Peden praised the work of the Parent-Teacher Association and sketched the valuable results attained by the dental clinic. He thanked the Rotary Club for assistance rendered in provision of eye-glasses and other assistance for pupils.

He protested against the lack of public interest in the work of the School Board as evidenced by the difficulty in obtaining candidates for trustee vacancies at election time. He urged citizens to come forward to take vacant seats," he recalled.

SOLARIUM THANKS

The thanks of the directors of the Solarium were officially presented to the Rotary Club at to-day's luncheon. Dr. Cyril Wake writing in high appreciation of the successful superstitious sale, which had added \$1,461.51 to the Solarium funds.

MILL OWNERS SEE CHEMUNUS PLANT

Americans With Capital in Chemunus Concern Visit Scene of Operations

Chemunus, Oct. 26.—C. A. Weyerhaeuser and Carl Weyerhaeuser, his son, both of St. Paul, together with F. R. Titcomb of Tacoma and Charles Ingram of Snoqualmie Falls, joint owners of the Victoria Lumber and Manufacturing Company, located at Chemunus, for the first time visited the plant here yesterday as the guests of J. A. Humbird, vice-president and manager of the company. They expressed themselves as satisfied with its order and impressed with its efficiency. During their short stay in Chemunus they were the guests of Mr. and Mrs. Humbird.

As outlined to the Real Estate Board in session yesterday by D. A. Macdonald, City Comptroller, tax-reduction in the city of Victoria have taken a lessening total from ratepayers yearly since 1923. In 1923 the land was bearing 100 per cent. of the levy. In 1922 improvements were taxed on a third of their assessed value. In 1924 and subsequently improvements were taxed on fifty per cent. of their value, so that in this year a levy of \$1,532,773 is secured, \$5.42 per cent. from the land, and \$4.88 per cent. from improvements. In addition to the same sale of capital tax in Victoria for civic purposes has been steadily reduced, standing to-day favorably low in comparison to cities of the same size throughout western Canada. As debt requirements are decreasing and new issues in sight, taxation may be again reduced in 1927, it is stated.

HOTEL LEBBY GOSSIP

GALLI-CURCI DRAWS ISLAND PEOPLE

Galli-Curci singing at the Royal Victoria Theatre was responsible for filling up some of the city hotels with up-island people.

A few of those who came to town were Mrs. Aldous, of Qualicum Beach; Mr. and Mrs. St. John Considine, of Maple Bay; Mr. and Mrs. H. Hope, of Duncan; W. F. Colfo, of Cowichan; Capt. and Mrs. Considine, of Duncan; Mr. and Mrs. Considine, of Cobble Hill; Miss D. Garner and E. C. Garner, of Duncan; Mr. and Mrs. C. Store, of Duncan; Mr. and Mrs. W. L. Shopland, of Deep Cove; Col. and Mrs. Rome, of Duncan; S. F. Mostyn Hoops and Mrs. Mostyn Hoops, of Deep Cove; Mr. and Mrs. N. S. Graves, of Sidney, all at the Dominion Hotel; Mrs. H. C. Mann, Mrs. B. A. Rice, Miss L. Rice, of Duncan; Mrs. R. Brett, of Hillbush; F. A. Rodgers, of Shawnigan Lake; Mr. and Mrs. Cobble Hill; Mrs. Douglas Groves, Mrs. Robert Barkley and Mrs. Gaisford, of Westholme; A. Hamilton and F. O. Hamilton of Milne's Landing, all at the Hotel Strathcona.

At the special mid-week service at the Fairview United Church at 8 o'clock to-night, the Bishop of Columbia will speak.

Members of the congregation desiring to secure cards for the reserved section at the Sunday evening services at the city Temple are advised that they must secure same on Sunday, J. E. Fuller, head usher, will issue the cards at the morning service to a limited number of 500.

Three speedy automobile drivers paid fines in the City Police Court this morning for driving to the common danger. Thomas Rowan was fined \$15 for speeding along Douglas Street, Jack Sykes paid \$20 for fast driving on Quadra Street, and B. Cameron was fined \$15 for a like offence. All fines were paid.

An adjournment until Friday was agreed to to-day by His Honor Judge Lampman in the County Court in the action in which S. Calvert, Victoria real estate man, sued Richard H. Harrison for \$145 commission, which he claimed was due to him on the sale of a house, 1255 B. Avenue, to Capt. D. H. McPherson. H. A. Maclean appeared for the plaintiff and H. W. Davies for the defendant. The case was adjourned for the evidence of Capt. McPherson.

SCHOOLS DIRECTOR IS IMPORTANT TASK

Trustee Alex Peden Tells Rotarians of Importance of School Board Duties

School Trustee Alex Peden, at to-day's luncheon at the Rotary Club, dealt with the work of the school board. The fundamental regulations of the Provincial Department of Education compel the trustees to provide adequate accommodation for all pupils presenting themselves. Unlike the City Council, which can refuse demands for civic expenditures, the trustees must budget for all needs.

The cost of operating Victoria's school system last year was \$384,000, of which \$148,000 was provided by the city. The value of city school buildings is now \$1,053,000, lands and playgrounds are worth \$250,000, with an area of above fifty acres. Other assets bring the school properties up to a total worth of \$1,500,000.

Mr. Peden gave data as to the present attendance and the large staff employed. He reported a great scarcity of teachers qualified to direct higher studies, while in the graded schools a great surplus of teachers is available. He touched on the High School, where 477 boys and 668 girls are taking instruction, and described the varied courses offered. The night-school enrollment for the present year is 602. An increase is noted in all departments of the city's school system, an indication of an increase in the population of Victoria.

Trustee Peden praised the work of the Parent-Teacher Association and sketched the valuable results attained by the dental clinic. He thanked the Rotary Club for assistance rendered in provision of eye-glasses and other assistance for pupils.

He protested against the lack of public interest in the work of the School Board as evidenced by the difficulty in obtaining candidates for trustee vacancies at election time. He urged citizens to come forward to take vacant seats," he recalled.

SOLARIUM THANKS

The thanks of the directors of the Solarium were officially presented to the Rotary Club at to-day's luncheon. Dr. Cyril Wake writing in high appreciation of the successful superstitious sale, which had added \$1,461.51 to the Solarium funds.

MILL OWNERS SEE CHEMUNUS PLANT

Americans With Capital in Chemunus Concern Visit Scene of Operations

Chemunus, Oct. 26.—C. A. Weyerhaeuser and Carl Weyerhaeuser, his son, both of St. Paul, together with F. R. Titcomb of Tacoma and Charles Ingram of Snoqualmie Falls, joint owners of the Victoria Lumber and Manufacturing Company, located at Chemunus, for the first time visited the plant here yesterday as the guests of J. A. Humbird, vice-president and manager of the company. They expressed themselves as satisfied with its order and impressed with its efficiency. During their short stay in Chemunus they were the guests of Mr. and Mrs. Humbird.

As outlined to the Real Estate Board in session yesterday by D. A. Macdonald, City Comptroller, tax-reduction in the city of Victoria have taken a lessening total from ratepayers yearly since 1923. In 1923 the land was bearing 100 per cent. of the levy. In 1922 improvements were taxed on a third of their assessed value. In 1924 and subsequently improvements were taxed on fifty per cent. of their value, so that in this year a levy of \$1,532,773 is secured, \$5.42 per cent. from the land, and \$4.88 per cent. from improvements. In addition to the same sale of capital tax in Victoria for civic purposes has been steadily reduced, standing to-day favorably low in comparison to cities of the same size throughout western Canada. As debt requirements are decreasing and new issues in sight, taxation may be again reduced in 1927, it is stated.

MINING MEN HERE

Charles J. Durrwachter, the mining engineer and capitalist, came over from Seattle this morning to join S. P. Fitzgerald, president of the Independence Mines, and to attend the meeting of shareholders this afternoon. With Mr. Durrwachter there came J. A. Satterberg, Mr. Durrwachter and his associates have bought control of the Independence and are putting in a mill.

W. M. Archibald, mining man, came down from Roseland this morning and is at the Empress Hotel. Mr. G. M. Bradford came over this morning from Vancouver and is at the Empress Hotel.

Among the island people to come to town to-day are Mr. and Mrs. J. W. Coburn of Nanaimo, who are at the Empress Hotel; Col. and Mrs. Eardley-Wilmot and Mrs. Harding-Finlayson, of Shawnigan Lake, who are at the Dominion Hotel.

CHRISTIAN SCIENCE AND DOCTOR'S BILL MARK COURT ACTION

Husband Says Wife Was Opposed to Medicine or Medical Treatment

Lady Practitioner Sues Widower For Bill of \$235

Claiming \$235 for medical services rendered to the late wife of Frederick Zeigler, 1028 Princess Avenue, who, according to her husband was a Christian Scientist, Dr. Annie Cleland is plaintiff in an action opened before Mr. Justice Lampman in the County Court this morning. Judgment has been reserved.

The lady doctor is suing the husband for nearly a hundred visits made to his wife between August, 1924, and June, 1926, before the wife died from tuberculosis. Frank Huggins K. appears for the plaintiff and W. A. Brethour for the defendant.

Dr. Cleland is one of the oldest practitioners in Victoria, securing her B.C. license after previously being registered in Scotland, Toronto, Ontario, and New York State in 1899.

DENIES SEEKING SERVICES

In disputing the bill defendant says that his wife claimed to be treated by the Christian Science, and that Christian Science and medicine would not work together and medicine and science both could not be prescribed. His wife told him she had had no medicine. He claimed that he never requested the services of the lady doctor nor promised to pay her. He said he was not a medical practitioner in respect of board and lodging furnished his wife at the rate of \$40 a month and that had been paid. A little courtesy grows a man's life until after the death of his wife. Had plaintiff intimated that she proposed to make a charge for medical services in such a manner, he would have been obliged to pay. He said he was not a medical practitioner and that plaintiff well knew.

SAYS WIFE CALLED HER

Dr. Cleland, giving evidence said she was called in by Mrs. Zeigler herself in August 1924. Mrs. Zeigler was also in the hospital in a weak state and was suffering in an advanced state of tuberculosis. She was in a precarious condition.

Witness reported that she and the City Medical Health Officer and also got outside cooking service for Mrs. Zeigler for which Mrs. Zeigler's husband paid. Defendant, she claimed, Defendant, himself, at one time called witness in to his wife saying his wife needed her. Witness also attended the wife in her home. She prescribed diet, tablets and other medicines which did not call for a prescription to be issued.

HOBBS TO RUN FOR SAANICH REEVESHIP

Chairman of School Trustees Announces He Will be Candidate

Frank V. Hobbs of Cadboro Bay has definitely entered the contest for the reeveship of Saanich. At last night's session of the Saanich School Board, held at the Royal Oak Municipal Hall, Mr. Hobbs announced his candidature for the chief magistracy of Saanich.

Mr. Hobbs has been a member of the Saanich School Board for three years, and chairman of the board in 1925 and 1926. He has one more year to serve, being re-elected last January for a two-year term.

TAX IMPROVEMENTS

Mr. Hobbs will appeal for election as Reeve on a platform including reduction of taxation in Saanich. He believes he will be most equitably attained by taxation of improvements. Mr. Hobbs has taken an active interest in the promotion of the Saanich schools. When first elected to the board he advanced, without success, a policy whereby High School tuition would be free on the basis of earning scholarships by proficiency in their studies. The recent action of the board whereby pupils above seventeen years of age are required to pay substantial fees has been in great part due to the attitude of Chairman Hobbs.

PLAN TAX SALE REOPENING HERE

F. J. Sehl, Provincial Assessor, to-day announced that the adjourned tax sale of remaining properties under the control of the Provincial authorities will continue at 10 o'clock on the morning of October 29. The sale held here recently brought a considerable sum at the first day of bidding. It is expected the adjourned sale will bring an equally satisfactory sum.

ARION CLUB PLANS OPENING CONCERT

Mrs. Florence Beeler of Seattle to be Assisting Artist December 8

The Arion Club of Victoria will hold the first concert of their thirty-fifth season on the evening of December 8. Through the kindness of the School Board the concert will be held in the auditorium of the High School, and it is hoped the assisting artist on that occasion will be Mrs. Florence Beeler, mezzo-soprano, of Seattle, who made such a favorable impression when she sang here about two years ago under the auspices of the Ladies' Musical Club.

Herbert Kent is the hon. conductor and members of the club, now numbering over thirty, are the leading vocalists of the city, are working hard to put on an excellent programme of male voice music and keep up the reputation that the Arion Club has always maintained in this city since it was first organized in the year 1892.

The committee are anxious to enroll all their regular associates or subscribers members again this season, and would also appreciate applications for tickets from those who have not as yet favored the club with their patronage. Information as to prices of season tickets, which are extremely reasonable, may be had from Fred Russell, H. W. Wilders, Herbert Kent or from any member of the organization.

COURTESY PAYS SAYS VISITOR

Believes Victoria is Most Beautiful Residential City in World

The value of courtesy to strangers in a city is emphasized by Fred Pretty, prominent Vancouver business man, who tells the following story on his own town. While driving through the outskirts of the city recently a Californian stopped his car opposite to where a policeman stood on the curb, to ask a direction. His request was met with the warning that he could be arrested for stopping his car at that place, while the direction was not forthcoming. The Californian was later given special lessons in courtesy by the Vancouver police heads, but meanwhile the Californian had returned with an unfavorable report of his visit.

The viewpoint that no trouble is too great to take on behalf of a stranger is the development of the continental idea, says Mr. Pretty, who thinks that Western cities could devote more attention to this matter with special regard to its public life. A former citizen gives a favorable impression that blossoms forth in the flowers of goodwill, according to Mr. Pretty, who incidentally believes Victoria is the most beautiful residential city in the world, and that the scenes on the Island Highway are superior to many of the most prized beauty spots of Switzerland.

Seven circuits of the world have not lessened his appreciation of Victoria, he said.

LADIES BACK OLD LEADER OF PARTY

Progressive Conservative Women Stand Solid Behind W. J. Bowser

The annual meeting of the Women's Progressive Conservative Club was held last evening at the home of the president, Mrs. W. J. Bowser, 1111 Oscar Street. The officers of the club were unanimously re-elected, and are as follows: Hon. president, W. J. Bowser, hon. vice-president, R. H. Pooley; president, Mrs. W. Randall; vice-president, Mrs. Brian Combe; treasurer, Mrs. R. Kirby; secretary, Mrs. W. McAllister.

The following resolution was passed by the members: "We, the members of the Women's Progressive Conservative Club, cast the following resolution that we are unanimous in calling upon the Provincial Government to stop the exportation of logs and pulpwood and raw materials; the same should be manufactured by the people of Canada, bearing in mind that 'Canada is for Canadians,' and 'Canadians for Canada.'"

The meeting passed a unanimous vote endorsing the leadership of W. J. Bowser at the coming convention. Preliminary arrangements were made for a large meeting to be held at the Conservative headquarters at an early date. Due notice will be given as to time. At the close of the business meeting refreshments were served by the hostess and a social hour spent.

OBITUARY

Funeral services were held this morning over the remains of Mrs. Bartha Dighton, formerly of B.C. (Ivanhoe), the cortege left the B.C. Funeral Chapel at 10 o'clock proceeding to St. Stephen's Church, Esquimalt, where the Rev. J. A. Bastin conducted the service in the presence of a large congregation. The hymns sung were "Our Best Redeemer" and "The Riddle Song." Many beautiful flowers paid tribute to the late Mrs. Dighton. Guilders of the First South Saanich Girl Guides attended in a body. The pallbearers were Commander C. A. Colville, D. Dighton,

The Incomparable

Galli-Curci

MUSIC lovers who were privileged to hear Galli-Curci last evening will retain a lifelong memory of an incomparable voice. They who regularly attend concerts of the great world artists will have noticed that Galli-Curci chose the Steinway piano for her accompaniments—a preference which she shares with every great artist of world fame appearing before the public to-day.

For Hallowe'en Games and Decorations, Try These

By SISTER MARY

Fitted shadows, mysterious rappings, flickering candles, nuts and apples, the hilarious spirit of youth—these are the "makings" of a successful Hallowe'en party.

If the Hallowe'en hostess keeps in mind the almost incredible power of suggestion, she can by her decorations create any atmosphere she desires for her party. Dim lights and occasional drafts will suggest spooks and spirits—the occult and shuddery side of Hallowe'en. Vivid orange, grinning jack o' lanterns, scarlet pumpkins and nuts to crack, suggest the prankish goblins who sallied forth on All Saints' eve for their annual frolic.

DECORATIONS EASILY MADE

For small children, the jolly, happy side of Hallowe'en should be stressed; for large children the mystic, spectral, and phantom side of Hallowe'en will afford the most pleasure.

In this day when silhouettes are so popular what could be smarter for party decorations than orange colored shades with broom-stick witches, black cats, owls and bats in

Hollow out a turnip, mount a short candle inside, and presto! You have a jack o' lantern that's different.

black at every light? The frames for the shades will be found in a five and ten cent store with stiff orange

paper, black paper, a tube of paste and scissors you can make them at home at little cost.

Trailing sprays of bittersweet scattered over the table always are lovely, whether the centerpiece be of fruit or flower. The feathery grasses found along any country roadside make charming decorations that can be had for the picking. Or these same grasses can be used effectively in a doorway to just brush the guests' faces in a spookierish fashion.

FOR TABLE OR MANTLEPIECE

Vegetables scrubbed clean make delightful candle "sticks," or hollowed out and with clever faces cut in them make cunning and unusual jack o' lanterns. These little lanterns can be perched a-top corn husks on different length sticks. Then these little figures formed by the vegetable jack o' lantern and corn husk might be arranged in a miniature wood made with branches from oak and maple trees. This could be used as the centerpiece for a large table, or as the mantle decoration.

Care should be taken that the sticks are strong and firmly fastened to both the vegetable and a small,

With a nice fat beet and a nice fat potato, nifty candlesticks easily can be made.

sturdy base concealed under the corn husk costume. If the top of the upright is whittled to a sharp point the vegetable can be forced onto the stick and the candle then forced onto the point, making the whole thing firm.

DROOPS AND SMILES

Can't you just see a long-faced, droopy-mouthed carrot face gazing

from the leaves, with a jolly round-faced, smiley-mouthed turnip face peering beside him? Beets and potatoes also are used.

If you do not have the time to make your own decorations a trip through the shops with your color scheme in mind is worth while. If you have decided on an orange and black party, keep all the decorations in these colors. Black and white, gray and white, or gray and green are excellent combinations.

Owls and bats as well as witches and "hants" are quite as alluring in gray as in black. The snake and rabbit foot are symbols of sorcery that add to the "atmosphere" of the decorations.

If the diversion of the evening is cards, the decorations must be confined to the dining-room to a large extent. If the party is an old-fashioned frolic, the whole house can be dressed up with leaves and berries and jack o' lanterns.

Of course every maiden expects to learn her fate on All Saints' eve, so the time-honored games of apple bobbing, apple paring and snapping are in order. Besides these you may want to try some that are even older, but not often used.

After the apple bobbing, to determine the name of one's future spouse, it bespeaks wisdom to learn the chances for happiness. A barrel hoop, stick candles, slices of bread, red peppers, burned candle-ends and strong cords are needed. Cut the string different lengths and tie each article firmly to one end of a string. Fasten the other end securely to the barrel hoop. Suspend the hoop from the ceiling and whirl around merry-go-round fashion.

THE BITES TELL

Each guest, in turn, grasps at these objects with the teeth. If the "bite" is candy, sweet and rosy is the future. Bread portends plenty to eat, but an even, humdrum existence. The red pepper foretells trouble and a "hot-time" generally. The burnt out candle-ends point to a brief honeymoon.

Another unusual and interesting game is that of the saucers.

Seven tiny saucers are provided, each one containing a different article. The saucers may or may not be presided over by a person dressed as a gypsy. In any event the person who seeks his fortune touches one of the saucers. The contents of

Here's a sad-faced carrot that also serves as a novelty in the jack o' lantern line.

this saucer, interpreted, tell his or her fate.

THE INTERPRETER

The contents and interpretations are as follows:

Mom—A life of luxury. Money and worldly goods.

Thorn or scrap of brier—Unhappy love. Disappointment.

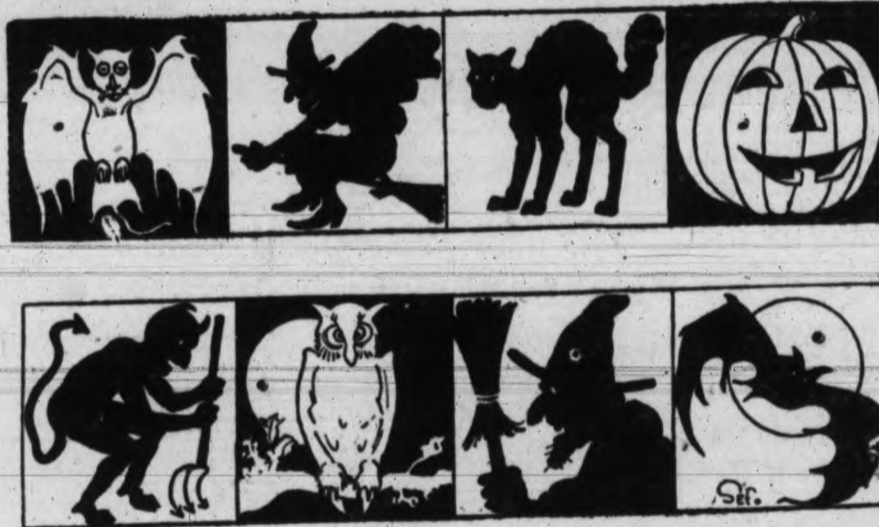

Red cloth—Military profession, military husband or army man as a rival.

Blue cloth—Navy for profession or husband whose profession is the navy.

Forked stick—Widow or widower. Clear water—Single blessedness. Double knot—Marriage in the near future.

Another test for the future is known as the "test of the three luggies." Three dishes are placed in a row. One contains clear water, one muddy water and the third is empty. Each person who seeks his fate is blindfolded and led to the dishes, so that he may dip his finger in one of the "luggies." If he dips into the clear water a happy, untroubled marriage is assured. The muddy water foretells an unhappy, turbulent wedded life, while the empty dish is the symbol of single blessedness.

Trace the lines of these witches, jack o' lanterns, bats, and what-not on thin cloth or paper, then color the designs with crayon. You will have snappy decorations for Hallowe'en costumes, lamp shades, table spreads and the like.

Sister Mary Gives New Menu for Hallowe'en Eats

Perhaps you want something a little different from the traditional pumpkin pie, cider and doughnuts for your Hallowe'en party. If so, here is a new menu for you. A whole dinner menu is given, but

Use the Suggestions Given Above for the Decoration Schemes, And Your Party Cannot Help But Be a Success

For Hallowe'en Wear

You've heard of the cat's pyjamas, of course. Here they are adapted for a Hallowe'en costume. Just try and see how easy they are to make!

It can be used in part if supper or light evening refreshments are wanted.

If you do serve supper or just a little lunch, serve it before midnight—for this is supposed to be the magic hour when things are "sure to come true." Some special stunt should be planned for the witching minutes close to midnight.

HALLOWE'EEN PARTY MENU

Vegetable Cocktail in Oranges
Broiled Chicken
Sweet Potato Pumpkins
Cauliflower au Gratin
Bat-wing Salad
Jack o' Lantern Sandwiches
Mexican Parfait
Cakes
Coffee

If only part of the menu is needed the salad, sandwiches, ice cream and

For Hallowe'en Wear

Light wire for a frame and a bit of cheesecloth, together with a few minutes' needlework, are all you need for this Hallowe'en mask.

coffe are sure to please. Sweet cider and nuts can be served during the evening, or salted nuts can accompany the salad and cider can take the place of coffee, or be used in addition to the regular after-dinner beverage.

The cocktail is made of finely-diced raw carrot, celery, cabbage and tomato moistened with French dressing, made piquant with Worcestershire sauce. Oranges are hollowed out and faces cut in them as in jack o' lantern. The cocktail is placed in a paper drinking cup cut

down to fit the inside of the orange. The chicken is broiled as usual, the golden brown coating carrying out the color scheme.

Sweet potatoes are boiled and mashed for the "pumpkins." Season well and form into tiny pumpkins. Use a skewer to make the tiny depressions always found on pumpkins. Brush over with melted butter and use a raisin for the stem. Bake in a quick oven until brown.

The cauliflower is baked in the oven until brown on top. Bat-wing salad is unusual enough to require a recipe.

BAT-WING SALAD (INDIVIDUAL)

One slice pineapple, 3 large cooked prunes, 1-teaspoon cream-cheese, 1

For Hallowe'en Wear

Here's a young Hallowe'en miss whose costume certainly is most bewitching. It requires a little more material than usual, but how folks would notice it!

teaspoon peanut butter, lettuce.

Cut pineapple in half through the centre. Place on a crisp lettuce leaf with the round edges toward but not touching each other. Work cheese and peanut butter together until blended, using butter to moisten. Remove stones from prunes. Stuff two with mixture and place, cut side down, between the pineapple halves to form the body of the bat. The pineapple forms the wings. Cut thin stripes from the remaining prune and place them on the pineapple in such a way that they make the frame so plain in a bat's wings.

The sandwiches are round with faces cut on half the slices of bread. A sharp-pointed knife makes this work very easy. A triangle for the nose, new moon for the mouth and almond-shaped slits for eyes. The nose and mouth are filled with bits of pimento, while ripe or green olives, cut from the stones, fill the eyes.

Brown or rye bread should be used and the filling may be creamed butter, minced olives and nuts.

The Mexican parfait keeps to the yellow color scheme.

MEXICAN PARFAIT

Two cups brown sugar, 1 cup water, 6 eggs (yolks), 3 cups heavy cream, 1 pound walnut brittle, 1 dozen dry macaroons.

Put sugar and water in a smooth saucepan and stir until melted. Then cook, without stirring, until a soft ball is formed when a few drops are tried in cold water. Pour slowly into yolks of eggs beaten until thick. Beat constantly while adding syrup.

Beat over-hot water, until thick. Cook over hot water, until thick. Fold in cream whipped until stiff. Put walnut brittle through food chopper. Crumble macaroons and dry for five minutes in a hot oven. Mix crumbs and brittle thoroughly and add half to the custard mixture. Turn

into mold, pack in ice and salt and let stand four hours or longer. Serve sprinkled with remaining mixture of crumbs and walnut brittle. The freezing mixture should be three parts ice to one part salt.

A simple sponge cake is delicious to serve with the rich ice suggested, although tiny round cookies painted with melted chocolate to picture owls, faces or the proverbial witch on a broomstick, are cunning. A

For Hallowe'en Wear

An easily made wire frame, white material, and black crayon coloring will produce this Hallowe'en mask in an hour or so.

wooden skewer makes an excellent "brush" for this painting.

THE UNKIND CUT

"I was cut out to be a bachelor." "Who cut you out?"

TAKE THAT

Schoolmaster—Now Roger, what are you doing, leaving something? Roger—No, sir, I'm listening to you.

TAKE YOUR CHOICE

New Office Boy—I've added up these figures ten times, sir. Employer—Good. New Office Boy—And here are the ten answers.

For Hallowe'en Wear

This dainty young Hallowe'en miss has a costume which advertises the cat and pumpkin motifs very effectively. Crepe paper is fine for the frill on the skirt.

RETORT COURTEOUS

Willie—Say, dad, did you go to Sunday school when you were a boy? Dad—Yes, I never missed a Sunday.

Willie—Well, I bet it won't do me any good either.

HOCKEY, BOXING, SPORTING NEWS, GOLF, FOOTBALL

Lester Patrick Gets Biggest Hockey Job

Former Manager of Victoria Cougars to Manage the New York Rangers in National Hockey League; Gives Up Idea of Having Year's Rest When Flashy Contract Is Put Under His Eyes; Free of Financial Worries and Can Direct All His Attention to Building Up Team

Lester Patrick has picked off the biggest plum in professional hockey to-day. He has landed the management of the New York Rangers, owned by the Madison Square Corporation. Lester will now become to hockey in New York what Tex Rickard is to boxing.

Lester left here a week ago last Tuesday for New York. At that time he had the contract in his possession, but he would not release the story, as it was to come out from the East. The story broke last night and now the world knows where the old Cougar boss will spend his next winter.

Lester had been looking forward to a year's rest from the hockey game. After completing, with his brother Frank, the biggest hockey deal in history, which resulted in the clubs of the Western Hockey League being sold to the National Hockey League, Lester returned to Victoria three weeks ago. He announced that he was free agent, without a string of any kind on him, and was looking forward to a lay-off, which he figured he was entitled to after thirteen seasons of financing and directing hockey teams in the West. Lester turned down several offers to manage clubs in the East, but when the one from the New York Rangers was placed before his eyes he saw big opportunities and decided to take advantage of them.

REPLACES SMYTHE

Connie Smythe, who was appointed last season to mold and prepare the New York Rangers for their first campaign in the National Hockey League, has resigned. Lester will replace him. The honor of coaching the Toronto Varsity hockey team and this was his first year as a big league coach. Lester, with twenty-five years of hockey experience behind him, and a reputation, both as a player and manager, that no other player in the history of the Winter Olympics can point to, now goes to New York to complete the job of giving New York a real team.

New York has two teams in the National Hockey League. The Americans played last year and are handled by Tommy Gorman, formerly of Ottawa. The Rangers were granted a franchise at the same time as the Americans, but did not exercise it last year. The owners of the Rangers' franchise, the Madison Square Corporation, wanted to see the game played in New York. Lester, who has been in the game for twenty years, is now in charge of the team. Hockey was gobbled up by the rabid New York fans last winter and they clamored for more. The Madison Square people decided to go ahead this year and they hope to be right up in the race.

BOUCHER BETWEEN COOKS

Lester Patrick will take over a team of young players, some of whom will get their baptism in professional hockey. He has replaced the late Bill Cook, regarded as the best right-wing player in hockey. Bun Cook and Frank Boucher, for centre ice. It is said that when the Cook boys were asked why they wanted to play with Lester, they named Boucher and the Rangers immediately stepped out and paid \$15,000 for him, which was as much as they paid for both the Cook boys.

The entire defence will be green as far as professional hockey is concerned. Chabot, who made a name for himself as a coach, is now in charge of the team. Arthur Allan, Cup champion, will guard the nets for the Rangers. In front of him will be Ching Johnson and Abel. Lester will be able to devote all his time to coaching and running his team. The financial end will be cared for by others. It will be a great relief for him, for while in Victoria he had to coach and run the team. Lester will have to do some scouting and buying to get players to round out his team.

MANY WORRIES GONE

One thing, Lester will be free from many of the worries that beset him in Victoria. He will be able to devote all his time to coaching and running his team. The financial end will be cared for by others. It will be a great relief for him, for while in Victoria he had to coach and run the team. Lester will have to do some scouting and buying to get players to round out his team.

LOOK THINGS OVER

Lester proposes to look over the talent he will have at his disposal, see how best he can fit it together and then make up his mind as to what improvements he will have to make. He goes into the job at a late date when the managers of all the other clubs have been busy for many months picking players and making up their teams.

Lester's record in hockey is familiar to all fans in this part of the country. He has played on, captained and managed many of the most famous hockey machines in history, including the Wanderers of Montreal; the Seattle Metropolitans and the Victoria Cougars. The Cougar team of 1924-25, which defeated the Canadiens of Montreal here three out of four games, has often been referred to as one of the best balanced machines hockey has seen in recent years.

For the next six months Lester will reside in the East, but he intends to return to Victoria at the conclusion of the season. Lester would sooner live here than anywhere else.

WILL NOT DEFEND BRITISH LAURELS

BOBBY JONES

Atlanta, Ga., Oct. 28.—Bobby Jones, first American amateur to win the British open golf championship, said yesterday that he would not defend his title as American open golf champion and that he probably will enter the American amateur tournament.

WILL WATCH TWO TEAMS

Local fans will watch with interest the progress of two clubs in the N.H.L. this season. One will be Lester Patrick, who is made up of last year's Victoria players, and the other will be the Rangers piloted by Lester. The former Cougar boss will be pitted against the machine he spent many years in building up. He will certainly be able to give the Rangers plenty of pointers as to how best to play Detroit. He knows the strong and weak points of the former Victoria team.

The fans here are also glad to know that good fortune has smiled on Lester and given him a chance in the biggest city on the continent. He was the father of hockey in Victoria, and while, at times, there was strong criticism about the local teams, it is now realized that he did his best with what money was available. For thirteen years Victorians have seen the greatest game of all played, and in that time Lester produced four championship teams. He led the old Aristocrats to the coast championship in 1913, and again the following year. He came through in 1924 and again in 1925. Victoria fans were twice privileged to look upon world's series and twice saw their team go East to play in the series. That is more than any other city the size of Victoria can boast of, and there are cities many times larger than this that cannot point to such a good record.

Without the arrival of the Patricks from Nelson in 1912 with half a million dollars, hockey probably would never have been introduced on this coast.

Toronto, Oct. 28.—Connie Smythe, manager of the New York Rangers, severed his connection with the team yesterday. Lester Patrick, formerly of B.C., and formerly of Renfrew, Ontario, who has taken a prominent part in Western Canada hockey circles for some years, will replace Smythe. Colonel Hammond, president of the Rangers, effected the change in players in the American club. Mr. Hammond, in explaining the change in the American club, said that he and Connie Smythe are parting on the best of terms. Smythe finds his position with the hockey team interferes with his contracting business. It was reported that Hammond said: "We will pay the Saskatoon \$15,000 for the contracts of the Cook brothers, through the Ottawa club, but unless they accept that by November 1, we will take the players and fight for them in the courts."

Toronto, Oct. 28.—Jack Dempsey told Tex Rickard he would make no immediate comeback in the ring. The dethroned champion said that next week he would return to his home in California, where he will go into training for two months.

"If I find I haven't gone back too far to give a suitable account of myself, I will attempt to regain the title," Rickard quoted Dempsey as saying.

The former titleholder, Mrs. Dempsey, and Rickard, discussed the possibility of Dempsey's comeback yesterday afternoon, they also discussed possible opponents.

"But nothing is definite was decided upon," said Rickard.

WANTS TO BE RIGHT

"Dempsey wants to be sure he is right before he goes ahead with a match, and, if he does fight again, he probably will not be seen in the ring before February at the earliest," Rickard admitted, however, that he expected to hear again with Dempsey in a few days.

"Dempsey is still a young man," he said, "but he may decide that he has made enough out of the game to quit."

Rickard said that Jack Sharkey and Jim Maloney of Boston, and Harry Pearson, the Swedish heavyweight, were among prospective opponents he discussed with Dempsey. The name of Paul Berlenbach, former light heavyweight titleholder, who has been eager to fight Dempsey, was not brought up. Rickard indicated that he considered Berlenbach was not big enough to make a good match against the former champion.

WILL SIGN WHEN READY

"I probably will not hear from Dempsey until December," said Rickard. "He is going to give himself a thorough rest. When he says the word, I will sign a suitable opponent."

Foley Meets Roy

Montreal, Oct. 28.—Vic Foley of Vancouver, will make his second attempt here to-night to lift the Canadian featherweight crown from the head of Leo "Kid" Roy, of Montreal, where it has rested for the last three years. This will be the second meeting between Roy and Foley in little more than a week. The last bout ended in a draw decision.

Setting on the bout was reported to-day by the 6 to 5 in favor of the challenger. Several bets were made yesterday on the local stock exchange at these odds.

Queen Marie is traveling with fifty trunk. She will have to do better than that to get a kick out of Georges Carpentier traveled with sixty.

The least the American government can do is to issue citations for bravery to all persons who have succeeded in surviving a twenty-four-hour visit in Chicago.

Fidel La Barba Is Youngest And Oldest Champion

Los Angeles Flyweight Only Twenty-one and Has Been Champ For Over Year

Of Reigning Titleholders He Has Held Crown Longest; Other Champs Totter

Los Angeles, Oct. 28.—The youngest and yet the oldest pugilistic champion of the world—such is Fidel La Barba, Los Angeles flyweight.

La Barba has just turned twenty-one, making him the youngest mitt slinger—in number of years—to sit on a world throne.

But he has held his title for one year and two months, making him the oldest champion in period of reign—to wear a boxing crown. Since La Barba lifted the burdens of being flyweight champion from Frankie Genaro's shoulders in August, 1925, the title in every other recognized division has "changed hands."

DEMPSEY GONE

The great Jack Dempsey, champion of all champions, has fallen to discard, while handsome Gene Tunney, fighting marine, rules the heavyweights. Jack Dempsey shoved Paul Berlenbach out of the limelight and now wears the crown of the light heavyweights.

The late Harry Greb finally succumbed before Tiger Flowers, the Georgia deacon. Mickey Walker, fighting little Irishman, who was often spoken of as a "junior" Dempsey, reached the end of his reign when he met Pete Latzo, Pennsylvania mining boy.

MITCHELL BEATEN

Pinky Mitchell, junior welter champ, was decisively beaten by Mushy Callahan, Los Angeles newsboy, just two nights before the great Jack took his pummeling. Jimmy Goodrich, crowned lightweight champ by the New York boxing commission, fell before the onslaught of veteran Rocky Kansas. And Kansas' reign was short, as he was unable to cope with the class showed by Sammy Mandell in their titular bout last June.

Rod Morgan lifted the junior lightweight crown from Mike Belterino's head without much difficulty last December in Los Angeles. Kid Kaplan found that he could no longer make 126 pounds and abdicated as king of the featherweights.

ROSENBERG "OUTLAWED"

Charlie "Phil" Rosenberg was "outlawed" as shown of his championship by the Illinois boxing body for failing to post his forfeit for his match with Bud Taylor. However, boxing men agree, that the Terre Haute boy would have had little difficulty in handling Rosenberg a sound drubbing if the opinion of boxing experts means anything.

But little Fidel La Barba still rules the "babes" of the squared circle and there doesn't seem to be any dangerous rival looming on the horizon. There have been rumors that La Barba may get a crack at Bud Taylor's new bantamweight title but nothing definite has come of it yet.

U.S. Tennis Pros To Try Their Luck In French Tournament

First Time Americans Have Participated in European Pro Tennis

New York, Oct. 28.—The first step officially to establish American lawn tennis professionals in the competitive field will take Geo. Agutter, instructor of the Westside Club at Forest Hills, N.Y., on an invasion of Europe to-day.

Agutter's assistant, Paul L. Heston, will sail to compete in the French professional championship next December on the Riviera. Their invasion, the first of its kind in tennis history, also has for its purpose the gathering of data with a view to organizing American instructors and the staging of this country's first professional title event on the return.

Agutter's move gives another twist to the professional tennis wheel set in motion by Charles C. Pyle, who invaded the amateur fold to sign Suzanne Lenglen, Mary K. Browne, Vincent Richards, Howard Kinney, and others for a tour of Canada and the United States.

While Pyle's activities apparently made a breach between the professional and amateur ranks, Agutter, however, has been given to understand that the United States Lawn Tennis Association would look not unfavorably on his steps to launch a professional association. Moreover, Agutter says that officials have informed him that provision could be made for a professional title competition here next year.

While Pyle has announced plans to open a championship tournament on the Pacific Coast, Agutter expressed the opinion that only through an organization of professional instructors properly conducted, will the player ever be able permanently to establish himself on a sound footing in this country. Open competition eventually would be an outgrowth of such an organization.

Miss Collett Describes Brassie Play

Miss Glenna Collett HITS A BRASSIE SHOT OFF THE TOE OF THE LEFT FOOT

Miss Glenna Collett has ideas of her own about the way a golf shot should be made. This picture shows the sensational young woman player about to hit a brassie shot. She describes the way she plays this club very well, which shows that she has a thorough understanding of the game and the science of it.

Miss Collett does not take her brassie back as far as the horizontal, making a more compact swing. She plays the ball from a spot just off the left toe, thereby picking up the ball as the club starts the upward swing. There is not much of a follow-through needed in this shot, so Miss Collett confines herself to letting the clubhead take the ball away. In other words, she throws the club at the ball, picking it up cleanly in the upswing of the club.

In the South last Winter Miss Collett put her second shot on to the green of a hole that measured 560 yards. The brassie shot traveled even further than the drive and went true to the pin. She holed the twelve-foot putt for an eagle.

FREQUENT SPILLS IN Amateur Baseball NIGHT OF FURIOUS RIDING AT CHICAGO

Chicago, Oct. 28.—Dave Lands and Otto Petrie were one lap ahead of the second place team and well out in front of the other thirteen entries as riders pedaled to-day into the last half of the international six-day bike race on the Coliseum track.

The Italian-American entry of Georgetti and McNamara pressed the leaders for the second lap, gained in two nights of furious jamming featured by frequent spills.

At midnight Petrie and Lands were one lap in front, with the third place team five laps behind.

HELPFUL HINTS BY GOLFING STARS

By Special Arrangement With Golfers' Magazine, Chicago

ABE MITCHELL—HEELS ON GROUND

I like to hit the ball with both feet on the ground. I am sure that this enables me to hit harder, but I always want to feel that the left foot is not moving at a snail's pace. It wants to be turned just for a moment to assist the movement of the shoulders, but almost at once it must come down again. And, mark you, it must come down firmly and get a good grip of the ground. The left foot helps pivoting, but it will interfere with the return movement of the shoulder if the heel, and, in fact, the whole foot is not down again before the club-head reaches the ball.

It is quite easy to turn the left foot up and down quickly without affecting any other part of the swing. The club-head will take its usual time to reach the ball; but any one can change the slow-moving left-foot action into a quicker one. I am certain that alteration will improve driving.

In the iron shots many golfers would take strokes off their score were they to hit the ball with both heels on the ground.

Some players approach with the right heel off the ground as the ball is struck. That, too, comes under things to be avoided.

PIRATES RUGBY PRACTICE

All players of the Pirates rugby team are requested to meet at the Tillamook Athletic Club to-night at 7.30 o'clock sharp, for an indoor workout. Players who did not manage to attend the last workout are specially requested to make an appearance. Genuine shoes must be worn.

Sunday Baseball Not To be Tolerated in Pennsylvania State

Harrisburg, Pa., Oct. 28.—The Dauphin County court to-day declared Sunday baseball in Pennsylvania "a worldly employment" and a violation of the blue laws of 1774.

The decision upholds the state in an action against the Philadelphia American League Baseball Club. Proceedings resulted from a game played August 22, between the Philadelphia Athletics and the Chicago White Sox.

One of the "greatest dangers of the times," the court said, "is the lack of law observance." It declared that such a great enterprise should not be permitted to do what the ordinary individual would be punished for doing. "Favoritism toward a great enterprise," the court said, "would lead to disrespect for the law and, in that way, to injury to the public."

AT THE THEATRES

CORPORAL CASEY IS
DENNIS O'SHEA IN
'SHAMROCK HANDICAP'

J. Farrell MacDonald, the humorous Corporal Casey in "The Iron Horse," has another fine Irish role in "The Shamrock Handicap," Fox Film latest production which will show at the Columbia Theatre today. Leslie Fenton and Janet Gaynor, whose work in "The Johnstown

AT THE THEATRES

Columbia—"Shamrock Handicap." Capital—"Paradise." Dominion—"Sparrows." Coliseum—"Captain Applejack." Playhouse—"Miss Hook of Holland." Crystal Garden—Swimming and dancing.

Flood won her distinction, have the leads. John Ford directed the picture from a dramatic story by Peter B. Kyne.

"The Shamrock Handicap" is the story of a heroic Irish jockey and an American horse. The story opens at the dilapidated manor of Sir Miles Gaffney, impoverished knight, who has four horses, remnants of a famous stable. Rosaleen Dhu is the best and favorite of Lady Sheila, Sir Miles' only daughter, played by Miss Gaynor.

OLD PIRATE SHIP IS
WELL PRESENTED IN
'CAPTAIN APPLEJACK'

In "Captain Applejack" at the Coliseum this week the second act should be of particular interest to Victoria theatre-goers. The cabin on board, an old pirate ship, the actors armed to the teeth with cutlasses, daggers and ancient firearms, and the rather uncouth language of the period, combine to make of this offering a play different to any yet presented to stage lovers of this city.

WORK FOR PICTURES
KEEPS MARY PICKFORD
PHYSICALLY PERFECT

Mary Pickford's picture work keeps her in training. The petite star whose newest United Artists Corporation release "Sparrows" now at the Dominion Theatre has no need of setting the exercises, rolling on the floor or other means of keeping in trim.

During the making of "Sparrows" Miss Pickford was at the studio from early morning until late at night each day. She worked harder than anyone on the set, while the picture was in production.

In one sequence she ran up and down a ladder, in her bare feet, carrying a baby that weighed thirty pounds. Several hours of this provided enough exercise for anyone in a single day.

At another point in the story she boosted a boy that weighed eighty pounds up the ladder.

In her escape across the swamp she carried the same baby that she transported up and down the ladder, making her way through muck and mud, often knee deep, with this burden on her shoulders.

"I have no difficulty in keeping thin," Miss Pickford explained. "I do not have to diet nor take special exercises. A daily routine of work before the camera, followed by a steam bath, and I'm in no need of any special exercises."

"But it's fun, and I enjoy every minute of it."

SCREEN PLAYERS FOR
FIRST NATIONAL ALL
EXPERTS AT SWIMMING

It would almost seem that to qualify as a first class swimmer at First National Eastern production units in New York one must undergo swimming tests or baptism by water.

Ever since First National started producing in the East the poor "heavies" have been getting their baths. It started with Paul Nicholson in "Quickie." He spent an entire day beneath a cold shower in one scene in that picture in which he had the "heavy" role.

Then came "The Half Way Girl." There Sam Hardy, who had the villain role, not only had to plunge into the water from the top deck of a steamer, but he had as his companion a smiling leonard.

"Paradise" is this week's attraction at the Capitol Theatre. As an unusually noted list of players in the cast, the picture has the starring role. Betty Bronson is featured in the feminine lead. Supporting them are Noah Berry, Kate Price, Charlie Murray, Lloyd Whitlock, Claude King and Ashley Cooper.

In her husband, Mr. Homer Samuels, the great singer has a fellow-artist whose accompaniments exquisitely rounded out the beauty of her interpretations. His group of three Debussy numbers at the piano failed to satisfy his audience, and in response to their clamorous applause he gave Palmgren's "May Night" with delicate touch and musical understanding. Mr. Samuels' gifts as a composer were also demonstrated in the charming little song "Pierrot," sung by Madame Galli-Curci in her final group, the composer sharing with the singer in the plaudits which greeted it.

Manuel Berenguer, the flautist, who played the obligatos for "Le Harlequin" and "The Mad Scene from 'Hamlet,'" also proved himself an artist of unusual ability. The delighted audience left the theatre full of gratitude to the Ladies' Musical Club, through whose initiative this queen of song was brought to this city.

Galli-Curci Thrills Huge
Audience With Her Voice

World's Greatest Coloratura Soprano Gave Wonderful Programme Last Evening and Was Accorded Rousing Ovation

Before an audience which filled every seat in the theatre and overflowed on to the stage, Mme. Amelita Galli-Curci last evening gave her first concert in Victoria and sang her way into the hearts of the throng. From the moment when she made her first appearance until the last note of her final number, she held her audience spellbound by the brimming measure of the gifts with which nature and art have so bountifully endowed her, and her hearers responded with ever-mounting applause which culminated in one of the greatest ovations ever accorded an artist in this city.

Flute-like in its timbre, haunting in its sweetness, marvelous in its range and flexibility, her voice is an instrument of extraordinary natural beauty which has been brought to the apogee of artistic perfection with the aid of flawless technique. In the numbers with the flute, such as "Lo, Here the Gentle Lark," the crystalline purity of her notes was scarcely distinguishable from that of the instrument itself, and the runs of the scale, with bird-like trills and runs of effortless ease.

But while the more florid of her numbers, such as the recitative and romance from Meyerbeer's "Dinorah," and the Mad Scene from "Lucia," revealed the brilliance of her coloratura and fullness of her vocal equipment, it was in the encore numbers that she scored her greatest triumphs. Such old and simple favorites as "The Old Folks at Home," "Way Down Upon the Swanee River," "Home, Sweet Home," were sung with sincerity and exquisite feeling, imparting new charm to these old but ever new ballads.

Delightful too, in their daintiness, were such numbers as "The Second Sweetness and Old World Fragrance," the quaint old French folk-song, "Le Petit Jeannette," and Valverde's "Chiquito." With the consummate touch which belongs only to the really great artist, she made each of her numbers a gem in itself, whether it was the spirited Spanish folk-song, "No Quiero Casarme," or the gentle, lilting, "Deep in My Heart a Flute" (Aylward).

Not a little of her extraordinary charm and magnetism lies in her graciousness, and her singing of several numbers to those seated on the stage, with her back to the main audience, was a graceful little courtesy which she repeated several times. Others in the cast of "High Steppers" are Alec Francis, Rita Carewe, John T. Murray, Edward Davis, Charles Sellon, Clarissa Selwynne, Emily Fitzroy and John Stepping.

Campaign to Reduce
Accidents in U.S.

Detroit, Oct. 28.—The hazards of accidents in the United States were pictured by a score of speakers before the National Safety Council in sessions here yesterday.

Dr. Harry E. Mook of Chicago told the council medical science had succeeded in cutting down the number of disease victims of the year. Car accidents, however, were being filled with victims of industrial and automobile accidents.

More than 1,000,000 people were being annually cast upon the scrap heap and labelled "permanently disabled," he said. A rehabilitation programme, by which disabled men could become producers instead of dependents was proposed. Dr. Wendell C. Phillips, president of the American Medical Association, also emphasized the work medical science had done towards disease elimination. He advocated a full education of the public in disease prevention, and said huge sums of money now being used to care for hospital inmates might well be used towards preventing disease in the future.

Walter G. King of New York was announced as president of the year at the banquet last night.

Lutherans in U.S.
Debate Marriage

Richmond, Va., Oct. 28.—After referring back to a committee for additional study a much discussed report touching upon questions of marriage, divorce, war debts, campaign expenditures and crime, the fifth biennial convention of the United Lutheran Church in America adjourned yesterday.

The committee, known as the moral and social welfare group, was instructed to reconsider the report before the next conference in Erie, Pa., in 1928.

The section dealing with marriage and divorce was the most controversial. Lutheran ministers from participating in the marriage of the divorced persons, except the "innocent parties of divorce," were on grounds of adultery or desertion.

The marriage and divorce clause first was referred to the commission of adjudication, but this action was rescinded and it, with the other sections of the report, was sent back to the committee.

Wages of Belgian
Coal Miners Are
To be Increased

Brussels, Oct. 28.—The wages of Belgian coal miners will be increased five per cent, beginning November 1, under an agreement reached at a conference between representatives of workers and mine owners.

Decision had been postponed at the request of the mine owners for an increase of half an hour in the working day. The chair of the conference pointed out that the present shortage of coal was the result of the strike in the British fields and that it had already been agreed that any supplementary consideration would be asked only if the home markets warranted it.

World Champion
Hen is in B.C.

Agnass, B.C., Oct. 28.—Hen number six of the White Leghorn pen entered by the University of British Columbia in an egg-laying contest being held at the Federal Experimental Farm here from last November 1 until October 31, yesterday laid her 34th egg since the competition began, thereby establishing a world record.

The hen produced an egg a day for 280 consecutive days. Previous egg-laying records included 242 in a year, made in New Zealand in 1923, and 347 in Australia, in 1924. A hen at Puyallup, Washington, last year established the record for this continent with 325 eggs.

For only half a cent a day.
Keep fighting fit the Kruschen way!

Keep Fighting Fit
for Half a Cent a Day!

Kruschen is the most inexpensive of all health salts. A 75 cent bottle will last you six months. It costs half a cent daily.

Is your health not worth half a cent a day?

You merely take — once daily — sufficient Kruschen Salts to cover a dime. Thus it lasts you three or more times longer than the same quantity of ordinary salts which have to be taken in large, unpleasant doses.

Prevention is always better than cure. Kruschen Salts prevent those numerous ills to which the flesh is heir. Kruschen "contains" the six mineral salts which your doctor will agree — every human body requires for its well-being.

The majority of us live sedentary, indoor lives. We worry, overwork, overeat or eat incorrectly and take everything at high pressure. Sleep becomes troubled — body and mind weary.

A daily dimeful of Kruschen Salts — tasteless in your morning cup of tea or coffee — will tone up the body's eliminating organs so that they will function regularly and efficiently. The clogging, poisonous waste is removed and you become conscious of that glorious, invigorating, healthful Kruschen feeling — a sound mind in a sound body! Work and play both become a pleasure when you Kruschenize.

"It's the little daily dimeful that does it!"
Get the Kruschen habit!

Kruschen Salts
Good Health for Half a Cent a Day

The dose of a dimeful taken every morning is found in practice just the right amount of a most invigorating daily tonic. The medicinal dose for persons suffering from pains of rheumatism, lumbago or habitual constipation, with inactive liver, etc., is half to one teaspoon-dimeful that does it!

TO-MORROW'S HOROSCOPE
"The Stars Incline, But Do Not Compel"
(Copyright)

FRIDAY, OCTOBER 29, 1926
Menacing aspects rule to-day, according to astrology. The Moon, Jupiter and Saturn are all adverse. While it may be lucky to sell under this way all investments should be delayed, the seers say.

Under this rule the judgment may not be trusted and there may be a tendency to speculate unwisely. Temperament as well as tempers should be disciplined under this planetary government, which is supposed to encourage self pity and fault finding.

Lovers should be exceedingly careful not to quarrel under this direction of the stars, which might bring about lasting separation.

This is not a lucky wedding day and bride and groom who chose a Friday ruled by malefic aspects.

Mines are not well directed by the stars to-day, but while coal will bring new fortune in strange places.

Aged folks would better be careful of the health. Diet should be watched carefully.

Food now will be a topic for general conversation, for its proper choice and preparation are to be known as of new importance in prolonging life.

Sleep starvation, a modern malady, is to be studied in its relation to vice and crime, astrologers foretell.

Speculation, which will tempt in many forms, is to be avoided under this way, which also inclines toward games of chance.

New and silly fads appear to be prearranged for the winter when many queer toys or playthings for young and old are to be expected.

Persons whose birthdate it is should be careful about maintaining financial independence in the coming year. They should neither lend nor borrow.

Children born on this day probably will be able to make money, but these subjects of Scorpio frequently lose fortunes.

NO CORDS, TALKS
Washington, Oct. 28.—Léon Col. Aristide Moreno is learning to talk without vocal cords. An operation about two years ago necessitated removal of the cords, and surgeons predicted that he would be unable to talk. Now he is able to talk understandingly, though he must enunciate very slowly.

Quebec on Big Boom, Major Walkem Finds
Vancouver, Oct. 28.—Great industrial prosperity was noted in the province of Quebec by Major G. A. Walkem, M.P.P., president of the Engineering Institute of Canada, during a tour of eastern branches, from which he has just returned to Vancouver.

New pulp and paper mills are springing up in the pulpwood forests, Quebec City is benefiting by notable improvements, and from the far north of the province reports of new mining discoveries have started a hum of activity in that industry which promises much for the future, he stated.

"British Columbia wonders why British capital does not come in here," he said. "So long as the pulp supply holds out in Quebec we shall find it exceedingly hard to get them to come here on account of the difficulty of getting a steady labor supply and on account of the very advanced and restrictive legislation we have."

Mr. Walkem is M.P.P. for Richmond.

Paris, Oct. 28.—First figures from the regular five-year census returns show that Paris, with 4,567,690 inhabitants, is still the world's third largest city. A gain of 224,244 was reported since the end of the war.

Duponts Increase Share Capitalization
Dover, Del., Oct. 28.—An increase in the capital stock of the E. I. DuPont de Nemours Company from 3,100,000 to 6,000,000 shares was authorized to-day by the state department here. Of the shares 1,500,000 will be non-voting and 100,000 voting preference stock, with a par value of \$100. The remaining 4,400,000 common shares have no par value.

THE TINYMITES
BY HAL COCKMAN

(READ THE STORY, THEN COLOR THE PICTURE)

"Where are we going?" Scoutly said, and Copsy answered, "Straight ahead. I guess we're simply going where the horse decides to run. But, what's the difference, anyway. We haven't got a thing to say about this trip, so let's just go, and have a heap of fun."

The horse, it seemed, enjoyed the ride, and swayed himself from side to side, which tossed the little Tinymites bounding in the air. They'd leave the horse's back and then come bobbing down kersmack again. Perhaps it jared them up a bit, but no one seemed to care.

They traveled through a forest dense and then old dobbie jumped a fence, and started through a farmer's field where corn was growing high. Then Copsy said, "Ah, here's a treat," and, gee, he almost lost his seat in reaching for a cob of corn as they went sailing by.

Now, just ahead there stood a farm, which caused the Tinies some alarm. Said Scoutly, "If we're taken there, they'll chase us all away. 'Oh, no, they won't,' snapped Ukey. 'We can be as quiet as can be. If anybody finds us we will hide up in the hay.'"

In just about ten minutes more they stopped outside the old barn door. "Let's not stay on the horse's back," said Copsy. "What's the use. No doubt, he's tired from running fast, and now that he's at home at last, let's all jump down and look around and see what's running loose."

And thus they ended that day's ride. "Here comes somebody," Scoutly cried. And as the horse went in the barn, they followed at his heels. They scampered left, and were out of sight. They knew that there was danger, by the sound of wagon wheels.

SAANICH TO ABANDON PRESENT HAPHAZARD PROMOTION SYSTEM

Principals Convince School Board of Value of Uniform Tests

Papers Will be Prepared by Organized Principals For All School Grades

A revolution in promotion methods in the Saanich schools will shortly take place, as a result of representations made to the Saanich School Board last night by the organized principals of the Saanich schools.

Principals W. R. Jones of Craigflower, J. N. O'Neill of Cloverdale, and P. C. Routley of McKenzie Avenue schools, met the board as a deputation representing the principals, and after outlining proposals for uniform promotion tests, received the unanimous endorsement of the Trustees.

Principal Jones stated that uniform intelligence tests would be advantageous in replacement of the periodical examinations customarily held by each class, and would assure that pupils accorded promotion would have a good knowledge of the work of the class from which they are promoted.

The principals offered to co-operate in preparation of the uniform tests, and asked the board to supply the necessary multiphase papers. "The first year would be of an experimental character," declared Principal Jones, "and the second year would be regular." Principal P. C. Routley explained the success of similar tests devised by the Russell Sage Foundation and other educational research organizations. He pointed out that while the tests are of simple character, expressed in words a child of the third grade should know, a time limit is essential. This limitation enables the same papers to be used by all grades, the marks earned, under the handicap of a time limit, indicating efficiently the grade of intelligence, ability to read, and many other factors in a child's progress.

EXPERTS COMING TO POTATO SHOW HERE

Leading Agricultural Authorities to Attend Bulb and Seed Exhibition

Professor E. R. Bennett, Field Horticulturist of the Idaho Government, and Mr. H. G. L. Strange of Fenn, Alberta, president of the Canadian Seed Growers Association, will come here for the Provincial Potato Bulb and Seed Show on November 24, Cecil Tice, manager of the exhibition, announced to-day. Both are eminent in their work in North America.

Professor Bennett is coming here to act as judge of potatoes which will be entered by growers from all over the Province. He is interested in the development of British Columbia as a producer of high-grade potatoes. He has agreed to deliver a speech on potato growing to British Columbia agriculturists.

Major Strange is one of the best known seedsmen in Canada and his seeds, grown in Alberta, have taken leading honors at international exhibitions in recent years. His address on seed growing will attract many seed growers to the Provincial Show here, Mr. Tice believes.

Easy to Gain With Yeast and Iron

New Combination of Yeast with Vegetable Iron Quick Way to Build Up Weight

This new combination of yeast vitamins with vegetable iron renews the action of sluggish blood cells, drives out dangerous poisons, increases energy and endurance and supplies the system with the vitamins the body needs to build up weight.

For years yeast has been known as a rich vitamin food, but not until we perfected "Ironized yeast" which comes in concentrated tablet form, was it possible to take yeast and iron in the right proportions to build up weight.

Vegetable "Iron" when combined with yeast is quite easy to digest, therefore better for the system. And "yeast" when ironized, becomes just as beneficial as ordinary fresh or cake yeast.

Ironized Yeast tablets are composed of concentrated food elements, therefore, they are pleasant to take and free from drug-like effects. If you are under weight, do not enjoy good health, lacking in energy and force, "Ironized yeast" tablets will pick you right up, and if they fail, you get your money back.

Sold by druggists at \$1.00 for a large 60-tablet package or sent direct from laboratory on receipt of price. Ironized Yeast Co., Fort Erie, Ontario, Canada. (Adv.)

PREMIER PREPARES FOR RAILWAY TALK AT COMING SESSION

Drafts Remarkable New Map Showing All Possibilities of P.G.E.

Alternative Routes to Peace River Revealed For Benefit of Legislators

British Columbia's railway problems are shown at a glance in a remarkable new map prepared by the Provincial Government draftsmen under the direction of Premier Oliver. When the Legislature meets the map will give the Members a clear-cut idea of the present and future condition of the Pacific Great Eastern Railway and will show them how it could be extended into the Peace River country.

A variety of routes for a railway from Prince George northward into the Peace River area is revealed by the Premier's chart. The route which apparently would open up most territory in British Columbia runs by way of Finlay Forks, north of Prince George and then eastward to the Alberta boundary along the Peace River.

The Premier expects his new map will be extremely useful to the provincial legislators when they turn their attention to the P.G.E. problem, as they always do at their annual sessions.

Meanwhile directors of the Government-owned railway are now being regularly to grapple with the problem arising out of its operations. On one of these matters they are making no move at present. This is the demand of North Shore municipalities for the payment of taxes to them on account of the railway's operations through their territory—a proposal which is considered unreasonable.

FREIGHT MOVING

Considerable numbers of cattle, hay, potatoes and sheep are now being shipped over the Pacific Great Eastern. Special arrangements are being made by the railway to facilitate the movement of potatoes on account of the meagre crop.

Cattle shipments will amount to about the same as last year. It is estimated that about one-half of the range cattle in British Columbia are in the districts contiguous to the Pacific Great Eastern. The area served by the railway is 34,000 square miles. Cattle shipments from this section during 1925 were 239 carloads, or 9090 head, an increase of 9.5 per cent over the previous year. Seven carloads of sheep and an equal quantity of horses were shipped. It is expected that sheep shipments this year will surpass those of 1925.

PARENTS IGNORE DEMAND FOR CASH

Saanich School Board Refuses Responsibility For High School Fees

The Saanich School Board was surprised last night to find that of thirty-one pupils from this section of the board, only a small number have made any payments for tuition.

The board will at once notify the parents concerned that payment of at least monthly or quarterly dues will be insisted upon forthwith. Chairman Hobbs summed up opinion with the comment "We should take the strongest possible means to make our determination to collect these fees effective."

Trustee Mrs. Campion preferred that Saanich wash its hands of responsibility for pupils of seventeen years or more, suggesting that a more simple method would be to notify parents concerned, and the Victoria School Board, of refusal to accept responsibility for such pupils. She considered the Schools Act gave no authority to the board over pupils above sixteen years of age.

Trustee Thorpe explained the Victoria attitude as refusing to accept responsibility for pupils resident in Saanich because of lack of authority for the Victoria School Board to collect fees. He considered the Victoria authorities should keep out of the High School over-age pupils from Saanich, except where payment is being made, either directly by the parents or by the Saanich Board.

The board endorsed action taken by Chairman Hobbs recently and decided to reiterate to the Victoria School Board refusal to pay for pupils who are above seventeen years of age, save where charges have been paid to the Saanich Board and reported to the Victoria authorities. A notice will also be sent to all delinquent parents, demanding payment before October 31 or cessation of attendance of senior pupils at Victoria High School.

MUCH UNPAID

The delinquent dues amount to a large sum in the aggregate. The charges by Victoria for pupils above the Schools Act limit of sixteen years total \$2,535.00, of which Saanich had expected to collect \$1,233.50. Of this amount only \$294.75 has been paid in by parents, the unpaid balance totaling \$981.60.

A list of approved pupils will be sent the Victoria High School, which will exclude all above seventeen years of age whose parents have made no payment showing good faith.

The board arranged to meet a special committee of the Victoria School Board, appointed to discuss High School affairs. The meeting will take place on the second Wednesday in November.

Sidney

Sidney, Oct. 28.—The card party which was held in Berquist Hall on Monday evening, under the auspices of the Ladies' Altar Society of St. Elizabeth's Church, was most successful and enjoyable. The hall was very prettily decorated with festoons of black and orange crepe paper and bunches of pink chrysanthemums. Over 200 people were present, many coming from the islands, Victoria, Deep Bay and Mount Newton. Military five hundred was

played at thirty tables. The first prizes were won by Mr. and Mrs. Lacoursiere, Mr. Hydes and Miss Lacoursiere. The second prizes were won by Mrs. Grainger, Miss Herchmer, G. Cochran and Mr. MacAuley. The third prizes were won by Mr. and Mrs. T. Feden, Miss Phyllis Maher and J. Roberts. The consolation prizes were won by Miss Maher, Mr. Goelien, Mr. Bourgeois and Mr. Rochon. A delicious supper was served by the members of the Altar Society. The tables were prettily decorated with pink chrysanthemums. After supper dancing was enjoyed, much for which was supplied by Miss Adeline Crossley and Mr. Jones of Victoria. Mrs. S. Holmes presented the prizes. A beautiful cushion, which was competed for during the evening, was won by Miss D. Allen. A gentleman's sweater by C. Hagen. The tombola prizes were won by the following: Mrs. Patterson, Mrs. Carter, Mrs. Critchley, Mrs. MacAuley, Mrs. Peden, Mrs. Lacoursiere, Messrs. G. Sangster, Francis, R. Hall, Lootheran, Hyde, Chisholm, Richardson, J. Louis, S. Hill, A. Thornton, Lacoursiere and Dr. Manning.

The Juniors of the Women's Auxiliary are giving a sale of work in Wesley Hall on Thursday from 3 to 6 o'clock. Mrs. Chow of the diocesan board, Victoria, will be present.

Sidney, Oct. 28.—A surprise miscellaneous shower was given on Tuesday evening at the home of Mr. and Mrs. Matthews to Miss Daisy Matthews, who is to be married shortly. An enjoyable evening was spent in games and music. A delicious supper was served. The guests present were: Mesdames Harrison, Mitchell, J. J. White, E. McKenzie, J. T. Taylor, Ramsay, Wassner, McNaught, Coward, Sloan, Anderson, MacAuley, S. Parker, Mounce, Le Vack, Shade, R. Brethour, Ward, Harvey, Stanley Brethour, Cliff, McNeill, Cowell, A. Critchley, Whiting, Ballantyne, G. Cochran, Miss Lahder and Miss M. Cochran.

Mrs. Prior of Vancouver is staying with Mr. and Mrs. Norris of Deep Bay.

Mr. and Mrs. Greaves are spending a few days in Victoria.

OPEN JOB PRINTING ESTABLISHMENT HERE

J. J. Randolph and E. I. Robinson Enter Partnership; Well Known in City

After over thirty years of printing experience on the Pacific Coast and in the Western Canadian Provinces, J. J. Randolph, formerly a member of The Daily Times typographical staff, has gone into the job printing business in partnership with E. I. Robinson, formerly a member of Sweeney & McConnell's staff, and has opened an office on the city. The new firm is located at 1700 Douglas Street, opposite the Hudson's Bay Company's Store, under the name of the R. & R. Printing Company.

Mr. Randolph first came to this city in 1867, as a boy. He was a resident here until twenty years ago, working as foreman of the printing department of The Times and later with the job printing firm of Greenwood & Smith. Since leaving this city in 1904 he has traveled all over the Pacific Coast and the western provinces, making visits here at frequent intervals. For some time he was with the Canadian Pacific Railway office at Banff.

Mr. Robinson has been employed on the press staff of Sweeney & McConnell for the last five years. He is a native son of the city and has decided to make it his future place of business.

The new office was opened here last Monday and is now soliciting business in the city. All kinds of job printing—stationery, magazines, folders, etc., will be executed. A full printing equipment has been installed and the firm is ready to handle orders immediately.

SOOKE MAN HURT IN GRAVEL PIT

Sooke, Oct. 28.—Much sympathy is felt in the district for Fred Milne, who met with an unfortunate accident on Tuesday, hurting his back and hip. He and two others were working in the gravel pit when an overhanging root was dislodged bringing with it a fall of gravel, under which he was buried. His companions, who had jumped to safety, dug him out. This was rendered difficult owing to the truck they were filling at the time of the accident being close to the bank. The injured man was taken to his home, where he was attended by Dr. Calvert of Milne's Landing. On Wednesday an ambulance was sent out to convey him to the hospital, where

an X-ray will be taken. His mother, Mrs. Milne, going in with him.

Mrs. Travers, who has been spending the Summer with her sister, Mrs. Jesse Hawkins, has returned to her home in Toronto.

PRISON SENTENCE GIVEN

Regina, Oct. 28.—G. Brumfitt, Winnipeg, yesterday was sentenced to three and a half years in the penitentiary for the theft of a safe containing \$3,800 from the premises of the Western Canada Elevator Company, at Wauchope, Sask. Brumfitt hired W. Silk, a taxicab driver in Winnipeg, October 14, to drive him to Wauchope and endeavored to persuade him to carry the safe away. Silk refused and the safe was left on the railway track at Wauchope. Later a train pulled up in time to avert collision with it. The train-

men notified the police and the arrest followed.
